IT GOES UP HIGH — The Voodoo came to Hamilton Air Force Base late yesterday. Here, base personnel cluster around rear of the first of the twin-jet, two-place F101s which will replace F89s as the aircraft of the 84th Fighter Interceptor Squadron. High tail assembly of the Voodoo makes unusual outline in rear view. The plane climbs high, too, and goes fast. It held the world speed record until outsped by an F104 Starfighter last summer. First Voodoo Fighter Arrives To Equip Hamilton Squadron

A supersonic F101B Voodoo fighter aircraft planed into Hamilton Air Force Base late yesterday, the first of a contingent of Voodoos which by the end of the year will replace F89 Scorpions as standard equipment of Hamilton's 84th Fighter Interceptor Squadron.

The Voodoo, produced by McDonnell Aircraft Co. in St. Louis, is considered to be the second fastest fighter plane in existence, rated second only to the F104 Starfighter flown by Hamilton's 83rd Fighter Interceptor Squadron.

The new fighter arrived at Hamilton after a non-stop flight from St. Louis with Lt. Col. Thomas Gerling, commander of the 84th, at the controls. Co-pilot was Capt. Ronald J. Layton.

The Voodoo is a two-seater plane which carries a radar observer as well as a pilot, and is designed for long-range operation in any weather. Its two jet engines develop a thrust of about 10,000 pounds each.

The plane at one time held the world speed record of 1,207.6 miles an hour, broken last year by a Starfighter which attained 1,404 miles an hour.

This record, which still stands, was set by Capt. Walter W. Irwin, then a flight commander in the 83rd at Hamilton, at Palmdale last May.

A modified version of the Voodoo, identified as an RF101, caused the series of sonic booms which rocked the Bay Area earlier this month. Three of the RF101 planes, a photo reconnaisance version of the Voodoo, created the booms as they ran speed trials on a set course from Edwards Air Force Base in Southern California to San Francisco and return.

One of the planes on the mission set a world record for such a flight—700.757 miles an hour average from takeoff to return.

Escapees Transferred From San Quentin

Billy Joe Wright and William D. Werner got out of San Quentin Prison today—but not the way they planned.

The pair, who held a man and woman hostage at the end of the Marin Rod and Gun Club pier for six hours Tuesday in a dead-end escape attempt, were hauled away in a prison vehicle, under guard.

Lt. L. T. O'Brien and Sgt. E. J. Azevedo of the prison staff were to leave Werner at the California Medical Facility at Vacaville, then take Wright to Folsom. They left San Quentin at 9 a.m. today.

OUT OF ISOLATION

The two would-be escapees were thus taken "off the shelf" of isolation, to 29 days of which they were sentenced by the San Quentin disciplinary board after long hearings yesterday.

In handing down the 29-day sentences (the regular term for an attempt to escape), the disciplinary board also recommended the two rebellious burglars be transferred, Warden Fred R. Dickson disclosed yesterday afternoon.

The recommendation was forwarded to the state Board of Corrections in Sacramento. And promptly the word came back from the state board: Transfer Wright to Folsom and Werner to Vacaville.

NEITHER PLEASED

Neither convict was pleased at the transfer, although it freed both from "the shelf"—solitary confinement—to which they had violently objected during the hours they held Mrs. Louise Gschwend, 53, and her friend, Douglas Harrison, 62, as hostages on the gun club pier under threat of death.

But they took with them (although perhaps they did not know it) the prayers of Mrs. Gschwend. She told San Francisco reporters she prayed for "the boys" yesterday at St. Thomas the Apostle Church.

The transfer order came through yesterday afternoon, just as the escapee pair were in Deputy Warden Louis Nelson's office for their second press conference in as many days. Warden Dickson broke

Weather Bureau Explains Clouds

SAN FRANCISCO (AP)—If you have been wondering about the thin, high clouds of recent days, here's the Weather Bureau's explanation:

"A small low pressure center continues over the area centered 700 miles southwest of San Francisco and the high cloudiness over the state is associated with the circulation around this center.

JOSEPH J. BRUSATORI
Chiesa's first promotion

Chiesa Names Brusatori Asst. Chief

Police Chief Charles J. Chiesa announced today that Joseph J. Brusatori, veteran police officer and head of the juvenile department, is his acting assistant San Rafael police chief.

The change is believed to be the first of several promotions which the new chief has in mind. Chief Chiesa, who took over his new job on the day two San Quentin convicts escaped from prison and held two hostages at knifepoint, said he wants some time to look over the department before making other changes.

The lieutenant's post which Chiesa held under Chief Frank Kelly is still open. Next in line for that job are three sergeants, Jay Fletcher, Lincoln Borba and Louis Foster.

Brusatori was juvenile officer, drawing the same pay as sergeants.

Protest Made To Annexation Of Terra Linda

Dixie School Board Wants All Area Included Or None

A protest against annexation to the City of San Rafael of 1,090 acres on its north limits was entered last night by the five trustees of Dixie School District.

Most of the uninhabited acreage proposed for annexation lies inside the Dixie School District. It comprises about one-eighth of the district's land area.

The complaint of the school trustees was not annexation per se, but annexation of only half of a natural area.

AGAINST DIVISION

"It should include the whole area so that the community of Terra Linda would not be divided by the present ditch and served by two distinct legislative bodies," said Supt. Dennie B. Willis in reporting the position of the school board.

The developed portion of Terra Linda is governed by the county board of supervisors, the county planning commission and its own community services district. Dixie School District includes Terra Linda, Marinwood and farm lands stretching east and west of Highway 101.

A public hearing on annexation petitions filed by the Freitas family and other owners of the 1,090 acres will be held before the San Rafael City Council on May 4.

UNANIMOUS VOTE

The Dixie School District trustees voted uanimously to oppose the annexation. The superintendent listed the following reasons:

1. All planning for school sites and schools has been done on the basis of county subdivision standards. If the city of San Rafael allows 6,000 square foot lots and narrower streets in the portion of Terra Linda yet to be developed a 20 per cent increase in population would result, the board believes. The county plan requires 7,500 square foot lots in the area, although part of Terra Linda and Marinwood were developed with smaller lots.

The county planning commission has been most helpful in assisting the school district to plan and provide for necessary school sites, even to the extent of insisting that these proposed sites be set aside for future purchase," Willis reported.

FIRE PROTECTION

2. Dixie School District has two schools within the boundaries of the Terra Linda Community Services District and obtains fire protection from the district. The annexation would limit the taxable wealth of the community services district by precluding its expansion to the south, so the community services district might never be able to provide the fire protection the school board deems necessary, according to Willis. (San Rafael would furnish fire protection for the 1,096 acre if they were annexed.)

3. The school district's planned seventh and eighth grade

STATE VOTES SPAN FOR CARQUINEZ

SACRAMENTO (UPI) — The California Toll Bridge Authority voted today to build a 34-million-dollar span from Benicia to Martinez across Carquinez Straits.

The authority decided the project was "in the public interest" and could be financed from automobile tolls.

Under the terms of the action(money to build the project woudl be raised from the sale of bonds which would be paid off by tolls on both the Benicia-Martinez and Carquinez Bridges.

When the bridge is completed it will replace the ferry boat service whichc now connects Benicia and Martinez.

Youth, 16, Dies Of Injuries In 'Cycle Crash

Vance Bright, 16-year-old Tamalpais High School sophomore, died last evening of injuries suffered in a motorcycle accident Tuesday night on Almonte boulevard near the school.

He had borrowed his father's new motorcycle to drive a classmate home just after 10 p.m. and was returning to his own home, 205 Reed street, Homestead Valley, when he lost control of the cycle on a sharp turn and was hurled about 40 feet.

He landed on his head, suffering brain injuries. He was in surgery at Marin General Hospital for four hours Tuesday night.

Vance was the only son of H. Dana Bright, an electrician at San Francisco Naval Shipyard. He and his father "batched" together for the past year.

He spent five years in Sunny Hills Presbyterian Orphanage, San Anselmo, while attending Isabel Cook School and one year at Sir Francis Drake High School.

A native of Reno, Vance lived in San Francisco until he was 9 years old. At an early age he showed an interest in electronics and amateur radio and hoped to make it his career, said his father.

He is also survived by his mother, whose address is unknown; a sister, Mrs. Gayla Enewold of San Gabriel, Los Angeles County; and his paternal great-grandmother, Mrs. Alice B. Wineland of Portland, Ore.

Funeral arrangements are pending at Keaton's Mortuary, San Rafael.

The youth's death is the third traffic fatality so far this year in Marin County. Last year at this time there had been nine.

Napa Woman Hurt In Crash On 101

A 35-year-old Napa housewife suffered possible spinal and internal injuries in a 7:10 a.m. accident on Highway 101 near the Alto overpass.

The woman, Mrs. Sonia Gutierrez, was admitted to San Rafael General Hospital for observation. She said another car swerved in front of her southbound sedan, she applied the brakes and lost control of her car. The auto tipped over on its side.

Dead Cows Removed, Well Covered In Santa Venetia

Two cows which fell into a large well in Santa Venetia and drowned have been pulled out, and the well securely covered to prevent accidents, Sheriff Louis P. Mountanos reported today.

The animals fell through wooden planks covering the well and had been dead about a week when discovered.

The well is about 75 yards north of the Little League ball field in Santa Venetia. Sheriff's Inspector Richard Argento said the property apparently belongs to the county. It is on the site of the proposed civic center.

Joseph Silveira of the Silveira ranch said the dead cows are his and promised to remove them from the well and cover the opening.

The dangerous well came to the attention of the sheriff Tuesday night when Mrs. Laverne H. Pareto of 309 Las Flores avenue reported her son, Stanley, 12, found the dead animals in it. She said the cows were attracting youngsters.

Kelly's Job Won't Affect Chiesa, Council Promises

Post, Wage Still To Be Decided

If defeated Police Chief Frank Kelly is hired for another city position, his job will never interfere in any way with new Police Chief Charles J. Chiesa's department.

Kelly will not be "assistant city manager," and he will not be in line for the city manager's job.

These assurances were stressed repeatedly last evening by city councilmen in answer to Chiesa's supporters, who feared that hiring of Kelly might bring conflict with new Chief Chiesa.

DECIDE ON JOB

What job will be offered Kelly, and at how much pay, is to be decided at the May 4 city council meeting, councilmen agreed after long discussion.

Joseph Filippo, ardent campaigner for Chiesa, announced he was satisfied with public assurances made by all five councilmen. As soon as the possible hiring of Kelly was announced, Filippo said, he received "countless" phone calls opposing the proposals and even hinting a recall move.

But if Kelly will not be in line for the city manager's or assistant city manager's job, Filippo said he is satisfied.

'HAS MY BLESSING'

"If he won't hamper the new chief in any way," Filippo concluded, "then I say well done. He has my blessing."

However, a couple of others in the audience were more adamant.

Julian C. Leone of 32 Edgewood way declared he would be in favor of having the city pay Kelly a couple of months' salary to give him time to look for a non-city job.

"I don't think he's qualified for an assistant city manager's job or any other city job," declared Leone. "The newly elected police chief should be allowed to run his department without the shadow of the man he defeated."

The crowd of about 50, the majority of them rooting for Kelly, broke into laughter when Leone declared:

"Now don't get me wrong, I like Frank Kelly. I feel deeply for him."

CALLS FOR ORDER

Mayor John F. McInnis called for order to permit Leone to continue. Leone said he

Fire Wrecks Part Of Home In Sausalito

Fire gutted a portion of the home of John F. O'Brien, executive director of the American Cancer Society, at 73 Sunshine avenue, Sausalito, today.

Prompt action by the Sausalito Fire Department kept the blaze from destroying the two-story frame Victorian home.

The fire might easily have spread also to adjoining homes because the hill section where the house is located has inadequate water supply for fire-fighting, said Fire Chief Mathew J. Perry. The Sausalito City Council, on urging of Chief Perry, is now studying means for increasing the water facilities.

Chief Perry called a second truck to stand by after answering the 9:50 a.m. alarm.

O'Brien said that when his wife discovered the blaze working up the shingles of the roof, she played a garden hose on it until the fire department arrived.

A dropped cigarette was suspected as the cause.

O'Brien said insurance would cover the damage, estimated at about $1,500.

WOULD JOIN TIBET REBEL — George Haigh, 22, former Marin student, is one of four San Jose State College students trying to raise funds for an airlift to take volunteers to join Tibet rebels. It's not a crackpot scheme, Haigh declares. (Independent-Journal photo)

SOUNDS CALL TO ARMS

'Tibetan Brigade' Planning Airlift

Ai airlift to aid beleaguered Tibetan rebels is being organized by George Haigh, 22-year-old graduate of Sir Francis Drake High School and former College of Marin student, along with three San Jose State College students.

The quartet—two of whom are pilots—hope to purchase a B24 airplane and fly volunteer fighters to Tibet.

"This is not a crackpot scheme," said Haigh.

"This country and the free world didn't do anything to help the Hungarians. We don't expect to beat the Communists singlehandedly but we do want to show the Tibetans that the free world is behind them.

"Now is the time for the man in the street to wake up and realize he's not a man in the street but a man in the world."

Haigh's companions in the Tibetan airlift are Charles King, 33, of San Jose, an experienced pilot who used to be first officer on a non-scheduled airline, holds instructor's licenses and pilots a crop-dusting plane in addition to attending San Jose State; Don Overton, 26, who hails from Texas, an Air Force veteran and commercial pilot, and Bill Craig, 24, of Oakland, a third San Jose State student. The four live at the same San Jose student rooming house.

Haigh, not now in school, lived with his grandmother, Mrs. Erna M. Falk at 17 Arroyo avenue, San Anselmo, while attending school in Marin.

The four young men have set a goal of $20,000—about $3,000 to $5,000 to buy the plane and the rest to supply student fighters.

One hundred men students have signed up so far. The nucleus of about 40 from the University of California is led by student John Blackmore.

"If we don't get enough money for a plane, we're going to turn this money over to the people at Cal to buy passages

Red Chinese Claim Tibet Revolt Quelled

TOKYO (UPI)—Peiping Radio today claimed "tremendous victories" in a Red Chinese army offensive against anti-Communist Tibetan forces and said the rebellion in Lhasa had been completely quelled.

At the same time Peiping bitterly attacked India for the second straight day and suggested it keep out of Tibetan affairs.

The Communist New China News Agency said that when the rebellion was crushed in Lhasa Chinese troops were "ordered to take punitive military action against the Tibetan clique of traitors."

It said the Red army swept across hundreds of miles in 10 days of action and wiped out the rebel nests at one stroke. It claimed 2,000 Tibetians killed, wounded or captured in the drive.

It was Communist China's first official admission of the extent to which the Tibetian rebellion had spread. Tibetian refugees had reported a massive Red Chinese army drive southwest from Lhasa toward Nepal.

Senate Votes Amendment To Labor Bill

WASHINGTON (AP) — Their 47-46 victory in adding a major provision to the Kennedy labor bill strengthened today the drive of senators seeking further restrictions on the power of union leaders.

By the one-vote margin, the Senate wrote into the bill a requirement that union constitutions and bylaws must contain a series of provisions designed to assure the rights of individual members. It sets up criminal penalties for any union leader violating those rights.

NEW AMENDMENT

The Senate was to take up today an amendment by Sen. Barry Goldwater (R-Ariz.) designed to assure that such labor groups as Teamsters Union conferences are covered by provisions of the bill.

The amendment adopted yesterday was sponsored by Sen. John L. McClellan (D-Ark.), who called it a bill of rights for labor. Among other things it would guarantee union members freedom of speech and equal voting rights, and require membership approval of any dues increase.

KENNEDY SETBACK

The vote on the amendment was a setback for Sen. John F. Kennedy (D-Mass.), who has argued from the start that any major floor change in his measure would endanger its chances of getting through Congress.

But McClellan insisted his amendment would give needed protection to union members against thugs, racketeers and power-hungry leaders.

COALITION VOTE

A coalition of Republicans and Southern Democrats put over the amendment. Voting for it were 32 Republicans and 15 Democrats, 13 of them Southerners. Opposed were 44 Democrats and two Republicans.

The victory was clinched with the help of Vice President Richard M. Nixon. In a parliamentary maneuver to nail down the vote, the Senate tied 45-45 on a motion to table reconsideration of the 47-46 tally. Nixon broke the tie to carry the motion.

STOCKS TODAY

NEW YORK (AP)—American Motors spurted on good dividend news and the stock market climbed out of a moderate decline today. Prices were mixed late this afternoon in moderately active trading.

Volume for the day was estimated at 3,300,000 shares compared with 3,430,000 yesterday.

Gains and losses of key stocks went from fractions to a point or more. Specially situated issues sprinted from two to 10 points.

American Motors was up nearly three points in heavy trading, later snipping a fraction from the rise. The company surprised Wall street by declaring a 60-cent quarterly dividend, higher than expected.

Most other automotive stocks advanced, Ford rising more than a point. General Motors was easy. Tobaccos were solidly ahead with gains moderate.

Among wider movers, International Salt gained 10, National Lead eight, Texas Instruments and General Time about four apiece, Litton over five, Zenith about seven and Cocoa Cola and Colgate-Palmolive about two each.

J. H. Pomeroy Co., Inc., of San Francisco, headed by John H. Pomeroy of Canyon road, Ross, today was reported as one of four participants in a 150-million-dollar land development project at Lake Tahoe.

The Pomeroy company, Hawaiian Dredging and Construction Co., Ltd., Lincoln Development Co., of Lafayette, and J. A. Curtis Swim School Will Open In June

Olympic swimming champion Ann Curtis, now Mrs. Gordon Cuneo of San Francisco, will open the Ann Curtis School of Swimming on a one-acre site in Los Ranchitos in June, she reported today.

The school, at 315 Las Gallinas avenue, will offer swimming lessons for all age groups on either a two or three-times-a-week basis. It will have two pools—a teaching pool 20-by-50 feet with a depth of only two to four feet, and a T-shaped Olympic sized pool with separate diving area.

Also planned are showers and locker rooms, landscaped areas, complete circling of both pools with colored tile, and a sand box for younger children. It will include Marin's only underwater-view window, she said.

In addition to the swimming lessons, the school will feature synchronized swimming and water ballet teams.

The school will have a staff of instructors to aid her in the teaching programs, added Mrs. Cuneo. Precise hours of instruction and programs are yet to be announced.

"We have dreamed of this for many years, and it's hard to believe it is so close to opening now," she said.

Mrs. Cuneo holds a silver medal from the 1948 Olympic Games.

School Dancers To Perform

A demonstration of square and folk dancing will be presented by the Toe Tappers of Corte Madera's Neil Cummins School at 7:30 p.m. tomorrow in front of the J. C. Penney Co. store at the Corte Madera Center.

The youngsters will wear colorful costumes for the dances, according to Larry D. Gaisford, manager of Penney's. They will perform under direction of Mrs. Vera Preston, their instructor.

'Annex' Studied For Coleman School

Plans to divide Coleman School pupils between two buildings separated by half a mile will be discussed by parents with the San Rafael Board of Education tonight at 8 o'clock in the San Rafael High School little theater.

The board is planning a Coleman School "annex" to be built opposite the high school for fourth, fifth and sixth grades. The lower grades would remain at the present school at Belle avenue and Rafael drive.

Open House At Stauffer Salon Today

Husbands and unattached gentlemen will be allowed behind the portals of San Rafael's Stauffer System Salon at an open house scheduled from 5 to 9 o'clock tonight.

The slenderizing salon in Suite 103 at 1601 Second street under ordinary circumstances has a "ladies only" sign on its door.

The special occasion is a grand opening under a new owner, Mrs. Jacqueline Gendron, who took over March 1.

Door prizes of five free treatments will be given to eight women during the open house, said Mrs. Gendron.

The Stauffer System is the "lazy way" to reduce, Mrs. Gendron said. A treatment consists of lying on your back while a "magic table" does the work.

B. H. Stauffer made his first motorized table in 1932 as a piece of equipment for physical therapy. A biochemist, he had made extensive studies of the blood circulatory system.

Stauffer supplies tables today to 250 salons in the United States from a Los Angeles factory. The San Rafael establishment has four of the patented tables.

UNHAPPY AT TRANSFERS—William D. Werner (left) and Billy Joe Wright were not pleased yesterday when told they were to be transferred from San Quentin Prison — Werner to California Medical Facility at Vacaville and Wright to Folsom Prison. They are the San Quentin escapees who held two hostages at knifepoint for six hours Tuesday on the Marin Rod and Gun Club pier. Photo was taken at press conference in San Quentin.

ESCAPEES

Continued from page 1

the news to them at the press conference.

"I thought so!" said Wright.

"These people can drive you to a point where you will do anything. I won't say yes or no on the question of whether I will try to escape again.

"If I decide to go, the walls won't stop me. I'd just as soon get shot on the walls as anywhere else."

Protested Werner:

"I'd like to know the reason for sending me there—to a nut house . . . I'm not a nut!"

Werner, who spent several weeks in the Vacaville institution before being placed in San Quentin, declared: "If you put a man where nuts run the yard, you don't know. I might end up a nut."

Warden Dickson pointed out that the men were escaping isolation punishment (with a mattress only at night, no reading matter, no amusement and only an hour a day outside the cell) by the orders transferring them to other prisons.

He pointed out that Dist. Atty. W. O. Weissiche had repeated he would keep his promise not to prosecute the pair for their escape or their death threats to Mrs. Gschwend—although Weissich said the two committed enough crimes during their short-lived "freedom" Tuesday to get them both life terms.

The two convicts reiterated the claim they had made at a press conference the preceding day, after they were returned from the standoff siege on the pier.

They hadn't really meant, they claimed, their threat to "slit the throat" of Mrs. Gschwend. That threat kept the combined might of federal, state, county and city authorities at bay from 9:15 a.m. until 3 p.m. Tuesday.

As to their hostage, "she was wonderful," they said.

"She taught me a lot . . . She kept us calm," added Wright.

As the two were receiving word of their transfers, Mrs. Gschwend and Harrison were back fishing — from the Rod and Gun Club pier, the scene of their harrowing experience of only a day before.

AIRLIFT

over there," said Haigh. Donations may ben sent to Free Tibet, c/o First National Bank of San Jose, Box 1000, San Jose, he said.

Haigh said the four from San Jose were also taking applications from volunteers and answering questions about the venture. Their address is 47 South Eighth street, San Jose.

They are hoping for a summer departure for Tibet, taking a route to Hawaii, Guam and Formosa before parachuting volunteer fighters into the Himalayan mountain country.

Chiang Kai-shek's Nationalist government has committed itself to aiding the Tibetan rebels, but Haigh said the airlift group is not counting on Chiang's aid.

The University of California volunteers have organized classes in rock climbing, parachuting, horseback riding, marksmanship, judo and hope to get a class in demolition started soon.

A bulletin issued by the Cal "Tibetan Brigade" announced: "We can get boat tickets to Formosa for as little as $285 per man, however, who leaves and when must remain confidential. The Indian consulate has long ears. Ship out and we will get you an address to contact in Calcutta, Formosa, etc.

"We now have 100 men, organized groups at University of California at Los Angeles, in Alaska and in process of formation at University of Texas and in Philadelphia."

Measles Rate High

The number of new cases of measles remained high in Marin County with 34 reported outbreaks last week, Dr. Carolyn B. Albrecht, county health officer, announced today.

TIBET

Continued from page 1

battle ended only a few days ago and that the Red army now controls all the key points in southern Tibet. But it indicated the rebels are still operating outside towns and villages.

HUNT REMNANTS

It said Communist troops were hunting down "a few remnant bandits who have fled to remote mountainous areas."

Red China's description of the battle for southern Tibet indicated the Tibetans control of the vast region was far more extensive than was originally believed.

Peiping indicated the "People's Liberation Army" was swiftly forming military governments to rule the Loka, or southern region. It said local residents had been pressed into labor battalions to repair highways and bridges destroyed by Tibetan patriots to block the advance of the Reds.

SUPPLY TEAMS

Other Tibetans were drafted into supply teams to carry food and supplies to the Chinese troops on whatever yaks, mules and horses are available, Peiping said.

Peiping said in the cities the inhabitants are "making room" for Chinese troops in their houses and that the local people "are eagerly welcoming" the Red army.

The Peiping People's Daily, official Communist newspaper, repeated Red Chinese charges that a statement by the Dalai Lama in Tezpur, India, last Saturday was written by Indian officials and not by the Tibetan god-king. The Dalai Lama himself issued a statement yesterday denying the Red charges.

DIXIE

school on the southern extension of Las Gallinas avenue, scheduled to open in January, 1960, is in the area proposed for annexation. The school board "has had no assurance that adequate protection for this school will be provided by the city by this time or in a reasonable time thereafter," Willis said.

4. Under the county's master plan, the areas set aside for recreation in Terra Linda are in the area proposed for annexation, Willis said. He added that "the school board has received no assurance that adequate areas will be provided under the city."

5. Reorganization of school districts north of San Rafael "may be sabotaged" if the annexation goes through. "It is believed that annexation will cause tension and misunderstanding and make any considered reorganization plan difficult to carry through," said Willis.

Novato Fire Board Elects R. C. Briggs

Contractor R. C. Briggs was elected chairman of the Novato Board of Fire Commissioners last night as the board held its organizing meeting with commissioner Louis J. Saffores attending the first meeting of his term.

Peter Ferrarese was named secretary of the board.

The board authorized Capt. James Kidder and fireman Robert Campbell, department instructors, to attend a training course in Fresno, May 18-22.

Board members and Chief George Cavallero said they will visit Grass Valley Tuesday to inspect the city's fire alarm system.

Ends Recruit Training

Earl F. Martinelli, son of Mr. and Mrs. E. Martinelli of 15 Valencia avenue, San Rafael, has graduated from recruit training at the San Diego Naval Training Center.

School Pact Approved By Bolinas

Bolinas School District trustees Tuesday night agreed to proceed with an inter-district agreement with neighboring Stinson Beach School District starting with the next school year.

Stinson Beach trustees had agreed to the plan previously.

Gene McDaniel, chairman of the Bolinas board, said the two boards will get together and work out details. He noted that the prime advantage expected by both districts will lie in the fact that the three Bolinas and two Stinson Beach teachers will be available for the full eight grades of both schools. This will be accomplished, McDaniel said, through shifting class and bus schedules.

The combined enrollment of the two school districts is about 115, McDaniel said.

Reed District Has Dibs On Depot Site

The Tiburon Peninsula Land Conservation Committee learned last night that because Reed School District has the first priority on the 19.12 acres of Tiburon Naval Net Depot land, the county will have to wait to consider acquisition of the acreage for recreational use.

Planning Commissioner Margaret Azevedo explained the land is now under jurisdiction of the federal Department of Health, Education and Welfare, which has under consideration the school district's bid for approximately 12 acres. If the school does not acquire the land, it will be transferred to the federal General Services Administration. The county would then have an opportunity to acquire it at 50 per cent of the assessed valuation.

forsooth . . .
it is truly a miracle!

Of what miracle dost thou speak, oh Greatness?

Why, this wondrous new garment from the West which so cleverly reproduces the Royal Paisley Pattern!

Yes, it is indeed handsome oh Greatness, but scarcely a miracle.

Ah, but the miracle is in the fabric which never wrinkles, launders in the wink of a camel's eye and needs no ironing!

Now that is indeed a remarkable thing! By the way, where are the 49 slaves who attend thy laundering?

Idiot! I dismissed them all, of course!

. . . . . meaning?

You don't have to be a Maharajah to be royally clad

All the opulence of the Far East is captured for your wearing pleasure in Punjab Royal Paisley by Donegal. A he-man button down style of wash and wear cotton, it's also a miraculous price.

SAN RAFAEL TEACHERS TAKEN FOR A RIDE

Arthur Chapman of the Marauder Catamaran factory at Marinship helps group of San Rafael teachers out of one of his company's unusual boats which they rode during Business-Education Day tour yesterday. In boat are (from left) Mrs. Mildred Barnard, teacher; Ed Wexler of Ed's Auto Supply, distributor for the boats, and teachers Bethany Beckman and Mrs. Judy Miller. Teachers, divided into four groups, visited financial institutions, government offices, stores and industries during San Rafael Chamber of Commerce-sponsored B-E Day yesterday. Pupils had a holiday. Today, the teachers were back at their classwork with something new to tell about Marin. (Independent-Journal photo)

HAFB Plans Rites For Dead Pilot

Funeral services will be held Monday in St. Louis, Mo., for Capt. Raymond M. Moeckel of Hamilton Air Force Base, who was killed Monday night in the crash of an F104 Starfighter about a mile north of Novato's Indian Valley Golf Course.

At 9:30 a.m. Monday, timed to coincide with the funeral, Hamilton will hold a memorial service in the base chapel, with military honors, for Captain Moeckel.

A group of his comrades from the 83rd Fighter Interceptor Squadron will fly a "one plane missing" formation over Hamilton during the service.

The funeral will be in the Messiah Lutheran Church in St. Louis, with burial in the Jefferson Barracks, National Cemetery. A group of planes from Scott Air Force Base at Belleville, Ill., will fly a missing plane formation over the cemetery during the burial service.

Captain Moeckel is survived by his widow, Mrs. Wilma Moeckel, and seven children. The family lives at 551 Midway boulevard, Novato.

His body was found yesterday in the crashed Starfighter, after an intensive air-ground-water search which began shortly after 8 p.m. Monday when Captain Moeckel, returning from a night training flight, lost radio contact with Hamilton as he entered a landing pattern over Pt. Reyes.

Two Convicts Isolated For Attack

Two San Quentin Prison inmates were given 29 days in isolation by the San Quentin disciplinary committee Tuesday afternoon for the April 15 stabbing of fellow prisoner Ronald W. Lushenko, said Associate Warden Walter D. Achuff.

One is Clifford Jefferson, 32, who escaped the death sentence for the non-fatal stabbing of a fellow inmate at Folsom Prison after then Goodwin J. Knight commuted his sentence to life imprisonment without possibility of parole.

The other is Louis M. Sark, 24, of Los Angeles County, serving a five-year-to-life term for furnishing narcotics to a minor and several concurrent terms for other narcotics crimes.

The associate warden said the cases of Jefferson and Sark are being referred to Dist. Atty. W. O. Weissich for possible prosecution. The California Penal Code says that a death sentence is mandatory for a prisoner serving a life sentence if convicted of assaulting another inmate,

Youth Guilty Of Disturbing Peace In Brawl At Oko Cafe

One youth was found guilty today of disturbing the peace at Capt. A. S. Oko's Drake's Arms in Inverness last February. But all other charges including assault were dismissed against the youth and his companion.

Judge Richard M. Sims of Marin Municipal Court found Gene Henry Schettler, 19, Inverness milker, guilty of disturbing the peace but not of assault. His sentencing is scheduled for 3:30 p.m. Tuesday.

The other youth, John O. Goff, 22, Pt. Reyes rancher was cleared of all charges. They were defended by attorney Guy A. Ciocca.

Captain Oko said he refused service to the youths on the night of Feb. 14 because one was under age. He testified the youths used vulgar language in front of women, then picked accountant Mark Derringer up bodily and hit him in the stomach. During the melee, Mrs. Oko fell or was pushed to the floor.

Oko said he went back for a night stick and warned he would "split your head open" if Schettler struck Derringer again.

But Schettler and Goff, on the witness stand, gave a different version. They said they had entered merely for a pack of cigarettes and soft drinks to take out. For no reason at all, they were ordered out, they testified. When Derringer tried to lead him out, Schettler said he lifted the smaller man up by the lapels but did not hit him at any time. Both youths said Mrs. Oko slapped Schettler on the face, then turned and stumbled to the floor.

Under questioning by Deputy Dist. Atty. P. Roy Vallarino, Schettler denied hitting Derringer. "He was small, wearing glasses, I just set him down. If he was a bigger man, your size, I might have hit him." When Oko came out with the stick, Schettler said he declared: "Okay, you ---- ----, I'll take you all on."

Both youths described Captain and Mrs. Oko and Derringer as "drunk" at the time. They were not staggering, but "I could tell by their eyes and how they acted," said Schettler.

Oko testified he had had a drink, but was definitely not intoxicated. Neither was his wife. He said he was merely trying to run a clean place when the youths came in and shouted obscenities.

Several women patrons eating at the restaurant that night testified they did not hear the youths use any foul language. One woman said she saw Mrs. Oko pounding ineffectively against Schettler.

'CASTLE' SITE SOLD — This is the "castle" believed to have been built about 1890 by Gustav A. Behrnd on a site overlooking the Tiburon Peninsula, as it appeared before a second story and gabled roof were added by subsequent owners. Sale of a three-acre parcel including the castle was announced today. The interesting building will be refurbished and remain on the property, according to Mrs. Bobby Graves, real estate saleswoman who handled the transaction.

Tiburon's Old 'Castle' Included In Land Sale

Sale of almost three acres of Tiburon property containing part of the historic "Castle on the Rhine," for more than $120,000 was announced today.

According to Mrs. Bobby Graves of Scotto & Robinson, San Rafael, the property is being acquired by D. M. Christenson, of the construction firm in San Rafael. She said he is taking title for the Golden View Co., which plans eight duplexes on the site to be known as Golden View Heights.

Mrs. Graves said the sale involved Mrs. Rose Azuz, former owner of the property who traded it for a building in San Francisco. Christianson is acquiring it from the San Francisco owner.

She said the sale was handled by her and Ed French of Caldwell Banker, San Francisco. She said it will be wound up Tuesday. A total of 209 acres is involved.

The property, located between Linda Vista and Mar East, commands a view of the Golden Gate, Angel Island and Racoon Strait.

The old castle probably was built around 1890 by Gustav A. Behrnd, a San Francisco architect. It once was a Bay Area curiosity and subject of excursions.

Years later Mrs. Azus' late husband, Jack Lowe, "discovered" it. Much of the main building was in ruins, except the rocky walls which were still sturdy. Lowe reconstructed it. Today there is a second story and a new heavy roof.

Mrs. Graves said the building is included in the sale, and that it probably will be remodeled further. It will not be included in the duplex plan, she said.

A tentative map for Golden View Heights has been approved by the county planning commission, and will be submitted to the Marin County Board of Supervisors next Tuesday.

Meanwhile, action is pending on a proposal to rezone the property so the planners will have architectural supervision. Once the planners have ironed out this matter, it too will go before the board.

Mrs. Graves said the duplexes will be offered for sale in the neighborhood of $40,000, and that Scotta & Robinson will handle sales exclusively.

Recorded Messages Boost Larkspur School Bond Issue

Larkspur and Corte Madera residents who dial a special telephone number between now and May 19 will hear a cheery, "Hi, neighbor!" and a message urging them to vote "yes" on a $267,000 bond issue proposed by the Larkspur School District.

The phone number is WAbash 4-2313.

The unusual campaign procedure was inaugurated today by the Citizens Committee for Larkspur School Bonds.

"As far as I know, this is the first time a Marin citizens committee for a school bond issue has used this procedure," said Supt. Carl Tivel. "They expect to have enough volunteers to put on two separate one-minute recordings each day until the May 19 election."

Heard on the initial recording today was the voice of Mrs. Doris Barck of 35 Lakeside drive, Corte Madera.

"Our classrooms are full," her message said in part. "To unload them will cost less than one cent a day."

If approved by the voters, the $267,000 bond issue would bring the district to bonding capacity next year to qualify it for state aid toward purchase of a fourth elementary school site. The site would be in Mariner's Cove area, east of Highway 101.

There are 969 accredited universities and colleges in the United States.

Strontium Toleration Upgraded By Experts

WASHINGTON (AP)—A committee of radiation experts says it believes the human body can safely tolerate twice the amount of radioactive strontium previously thought permissible.

The report came yesterday from the National Committee on Radiation Protection and Measurement, a group of experts in the field.

The committee has no official status, but its recommendations have been followed by the Atomic Energy Commission and the U.S. Public Health Service.

The new report raised the recommendation permissible values for some radioactive materials, lessened values for others and left some unchanged.

A big reduction was recommended for cesium-137, the second most feared product of nuclear fallout.

It was made clear that the new recommendations will in no way change the maximum permissible dose of radiation from all sources which the committee recommended in 1957.

The committee recommendations would mean a 20 per cent upward revision in the amount of strontium deemed permissible in milk.

AFTER THE BATTLE — Massachusetts State Trooper Leonard Von Flatern leaves prison block after he and fellow troopers quelled a riot at the Concord Reformatory last night.

Assault By State Troopers Crushes Convict Uprising

CONCORD, Mass. (AP) — Five desperate inmates of the Concord Reformatory held 15 hostages for four hours last night until a wave of state troopers ended their bid for freedom with tear gas and acetylene torches.

One of the quintet, identified as kidnaper Charles (Bull) Martin, 36, held a smuggled gun to the head of a hostage while demanding "We want out."

"This was an escape attempt, pure and simple," said Edward S. Grennan, superintendent of the reformatory, which once housed only youthful offenders but now is used for long-term adult prisoners.

Grennan said the leaders of the revolt called him twice by telephone from their temporary stronghold demanding to get out.

Instead, Grennan called in state police to storm the wing where the rebels were holding the hostages.

Grennan said that in addition to Martin the convicts who caused the wild disturbance were Thomas P. Carlino, 28, kidnaper; Charles Woods, 31, burglar; James Parker, 33, robber, and Peter Makarewicz Jr., 20, who five years ago killed a 15-year-old girl.

Authorities said that about 50 other prisoners milled about free of their cells during the uprising but took no active part in it.

The five inmates held the hostages—13 guards and two civilians—for four hours before surrendering meekly, their eyes swollen by tear gas.

Their chances of getting out, from the start, were nil. Lt. Col. John C. Blake, executive officer of the state police, heading an assault force of 125 troopers, said when asked if negotiations were considered:

"I never negotiate with anyone; we were here to get them out and restore order."

The troopers swarmed in with military precision, many wearing campaign ribbons. They were steel-helmeted, carried riot guns and wore bandoleers of cartridges and tear gas charges.

The troopers drove the malcontents from the first to third floor of a wing of the prison, like soldiers assaulting pill boxes. They opened steel doors with acetylene torches and finally pushed the rebels into an area from which there could be neither escape nor retreat.

Surrenders were accepted only after the prisoner stripped naked.

The pistol with which Martin subjugated the hostages was not immediately found.

Guard Frederick Bolba, one of the hostages, said Martin held the gun against him and pulled the trigger. "It looked to me like the end, but the gun failed to go off," Bolba said.

The revolt came during a recreation period between 4 and 5 p.m., while some of the prisoners were playing baseball.

It was then Martin, with his pistol, herded the hostages into a cell and locked the door.

Grennan said he knew of no serious injuries.

MEMPHIS, Tenn. (UPI)—Judge William Leffler gave defendants a stern lecture on the evils of breaking the law. He returned to his chambers and found his wallet had been stolen.

Terra Linda Services Aide Quits

The resignation of William Sievers as a director of the Terra Linda Community Services District was accepted by the other four directors on Tuesday night.

Sievers gave "press of other work and lack of time to attend properly to CSD affairs" as reasons in his letter of resignation.

A replacement may be named when the directors meet May 4 at 8 p.m. at Bernard Hoffman School.

Much of the remainder of the meeting was devoted to Terra Linda recreation needs.

The directors voted unanimously not to embark on a new recreation district which would include the Freitas property slated for annexation to the City of San Rafael.

President John R. Namle, in a prepared statement, said that after four weeks of study the directors had concluded it was better for the Terra Linda Community Services District to go ahead on its own with recreation and park plans.

"Overlapping of city, county and district areas would perhaps cause complications that we had no way of appraising," Namle said.

A summer recreation program, primarily for teen-agers, estimated to cost $1,800, was suggested by Donald Gordon Black, park and recreation commissioner. The directors took no action on the suggestion, said William W. Munson, vice president.

Preliminary budgets for 1959 60 were submitted by the district's commissioners. Munson estimated that a final budget for the district would be worked out by mid-June.

Vast Freeway Plan Goes To Assembly

SACRAMENTO (AP)—A vast statewide freeway plan went to the Assembly today with unanimous Senate approval.

The plan calls for 12,250 miles of freeways costing 10 billion dollars by 1980. The superhighways would link every town of more than 5,000 population.

Measure Shifting Fair Control Wins Approval

SACRAMENTO (UPI)—A bill to take control of California's state-supported fairs away from the Department of Finance and give it to a five-member commission has won approval of the Assembly Agriculture Committee.

The measure, authored by Assemblyman Samuel R. Geddes (D-Napa), would establish the commission, appointed by the governor.

J. A. Smith, San Diego businessman, spoke on behalf of Geddes' proposal. He said under the Department of Finance fairs "have not been wisely or efficiently supervised.

He claimed that because of the lack of effective state coordination, fairs had to lean for direction on the private Western Fairs Assn.

Smith attacked Western Fairs, which he said collected $60,000 or $70,000 each year in dues from the various expositions. He said the money could be spent more effectively by a state agency.

Lion Mauls Child

MEMPHIS, Tenn. (UPI) — A baby lion yesterday severely mauled a 2-year-old boy before a laborer pried open the cub's jaws and rescued the child.

The pet six-month-old lion cub, chained to a fence post in an open area, clawed little John Alvin Cox when the boy wandered too close.

John Alvin suffered fang and claw wounds on the head, right ear, face and stomach.

He was rescued by George Templeton, 28, an employee of a trailer firm that owned the animal. He said he forced open the lion's jaws with his hands and kicked the lion away.

BUSY APRIL FOR ARTIST

Oil painter Gwen Stone of San Rafael works on a replacement for one of the paintings she has sold this month during her one-man show at the Bridgeway Inn in Sausalito. In addition, one of her paintings is on exhibition in the 78th annual show of the San Francisco Art Museum, and two were exhibited last weekend at the first Novato annual.

Radio Panel Debates Houseboat Question

A charge that houseboats tied up at the Sausalito waterfront are a menace to public health and safety was answered today with a countercharge that legal steps being taken by Sausalito and Marin County against the boat dwellers are "discriminatory."

The opinions were voiced on radio station KTIM's "Marin Sounding Board," moderated by Kitty Oppenheimer. The program will be rebroadcast from a recording at 12:30 p.m. Sunday.

Favoring legal action to force the boat owners into compliance with the state Health and Safety Code were John B. Ehlen, Sausalito city attorney, and William H. Desmond, county sanitarian. Speaking in behalf of the waterfront dwellers were David Lee, head of the newly formed Sausalito Preservation Assn., and Valorie Bleeker, a member of that group.

"To the question, 'is the action being taken against the ark dwellers justified?'" Desmond responded, "I can answer unequivocably in the affirmative." The county health department contends that the situation at the bayfront is both a public health hazard and a nuisance, he said.

"Since I have become a member of the association," declared Miss Bleeker, "I have seen things that shocked me. I am as much against poor sanitation facilities as anyone. But why should this small group of people be put on the spot when it is known that another section of the town has refused to hook up to an existing sewer line?"

She said that a number of businesses have failed to connect to the line.

Desmond expressed surprise at the statement. "Usually," he said, "when a sewer line is made available most people want to hook up to it."

The county health department, he added, does not make routine inspections within existing sanitary districts unless complaints are filed.

Lee protested that the idea of hooking up the arks with a mainland sewer line "seems ridiculous" to a good portion of the association members, most of whom are boat dwellers. There are other methods of waste disposal that might prove effective for the boats, he said.

"For instance," Lee continued, "there are chemical methods, which if accepted by the state and by the county people, I'm sure our people would go along with."

A pilot model of such a device is soon to be put in operation on one of the Sausalito houseboats, he added.

Said Ehlen: "I think we're in fundamental agreement. We do not intend to be discriminatory—not a bit. I am as much interested in the beauty of the Sausalito waterfront as anyone, but like Topsy, it just growed. And we must bring it into conformity by spilling as little blood as possible."

Miss Bleeker, an artist, demanded:

"If the purpose is to clean up the bay and it is a matter of sewage disposal, then are there degrees of sewage? Are there upper, middle and lower grades?"

To a radio listener's question as to whose duty it is to rid Sausalito of the problem, Ehlen replied that city, county and state all have an obligation.

Waterfront residents "flouted the demands" to hook up to sewer lines when they were made available in June of 1957, Ehlen protested. "We have no alternative but to prosecute," he declared.

Fire At Lumber Yard

Fire broke out at 5:22 p.m. yesterday in the rear lumber yard of Marin Fences at 5820 Paradise drive, Corte Madera, and caused $200 damage to a table saw and redwood building materials, said Fire Chief Frank L. Nelson. A cigarette dropped into sawdust is believed to be the cause of the fire, he said.

Mill Valley Superintendent Warns Of Crowded Classes

Mill Valley School Supt. G. R. McConnell warned last night that the maximum class size in Mill Valley schools "will reach 40 very soon," unless the proposed $600,000 bond issue is successful May 19.

The money is slated to be used for added classroom space.

McConnell told a meeting of the recently formed Voters Information Group at Old Mill School that the trustees decided last January on a maximum classroom size ranging from 25 at the kindergarten level to 33 in the eighth grade.

"The achievement of this goal," he said, "is dependent upon the addition of five classrooms per year."

He said there would be only three available additional classrooms to take care of next year's enrollment so "the average class size next year will most certainly be 31 or more."

Also speaking on the subject of large classes were Mrs. Jean Rosse, chairman of the district board of trustees and Mrs. John Lowe, first grade teacher at Tamalpais Valley School.

The Voters Information Group, created to study civic issues, is headed by Arne Anderson as chairman. The group is urging passage of the school bond issue.

Saving Bonds Total

Marin County residents bought $129,748 worth of U. S. savings bonds last month, bringing the total sales of the bonds to $415,167 for the first three months of the year, announced D. C. Davis, Marin County chairman for the bond sales.

Radiation Survey To Be Resumed

SAN FRANCISCO (AP) — The Atomic Energy Commission said yesterday it will resume aerial radiological surveys in two Northern California areas to record natural background radiation and to obtain information for use in geological mapping.

A special crew of the Geological Survey will fly the missions beginning today as part of a nationwide survey of major nuclear production and reactor facilities. This program was started in 1958 to determine present natural levels of radiation from surface soils and rocks.

Data will be provided to make it possible to detect future variations, if any, in radiation from test programs, reactor operations or other AEC operations.

Flights were made last fall over most San Francisco bay area Cities.

The survey in the next four weeks will include:

1. An area bounded on the north west by Fort Bragg, on the north-east by Colusa, on the southwest by Marin County and on the southeast by Sacramento.

2. An area bounded on the northwest by South San Francisco, on the northeast by Stockton, on the southwest by Castroville and on the southeast by Hornitos, near Merced.

Marin City Club Sets Benefit Ball

Proceeds will be used to provide a scholarship for a Tamalpais High School senior living in Marin City who will be graduated in June.

Featured will be crowning of a queen by last year's queen, Bonnie Holmes. Candidates are Gloria Woodkins, Jeanetta Johnson, Cidy Porter and Connie Jones.

Drunk Driver Jailed

Jerry Joseph Smith, 24, of 60 Forest avenue, San Anselmo, was sentenced to five days in the county jail plus a $250 fine or an additional 25 days in jail yesterday afternoon by Marin Municipal Court Judge Richard M. Sims Jr. for Smith's drunken driving along Fourth street in San Rafael on Jan. 21. Smith has one prior conviction for drunken driving.

Cana Conference Scheduled Sunday

A "Cana Conference" to discuss problems connected with marriage will be held from 1 to 4:40 p.m. Sunday at Marin Catholic High School, sponsored by Our Lady of Good Counsel Family Guild of St. Anselm's Catholic Church.

Speakers will be Rev. Bernard Cummins and Dr. John J. Preisinger. They will discuss such subjects as the "meaning of love," "communication between husband and wife," "spacing of children" and "the education of children."

A question and answer period will follow the talks. The conference will conclude with a renewal of marriage vows for both Catholic and non-Catholic couples.

WORLD NEWS IN BRIEF

Russ Say Space 'Clean'

LONDON (AP) — Soviet scientists say an interplanetary space ship may fly for years without encountering a meteoric particle bigger than a grain of sand.

The government newspaper Izvestia, quoted by Moscow radio, said the scientists concluded this from reports radioed to earth by Sputnik III.

They computed that a space ship with a total surface area of 100 square meters might encounter a meteorite weighing one gram — three hundredths of an ounce—once in 14,000 flying hours.

Venice-To-Lido Road?

VENICE, Italy (AP)—This city of canals and gondolas is thinking of making a concession to the automobile.

The proposal is for a four-mile automobile tunnel running to the Lido Beach from the Venice end of a causeway now linking the mainland to the city.

Cars can use the causeway, but once on the island part of Venice must park. Then it's a half-hour canal ride by motorboat—one hour by gondola—to the center of Venice. It takes another half hour or so across the lagoon to the Lido Beach on a large island.

Thor Missile Fired

CAPE CANAVERAL, Fla. (AP)—A Thor ballistic missile shot aloft today reportedly carrying a tiny data capsule the Air Force hopes to recover from the Atlantic depths.

The capsule, set to pop out near the end of the Thor's journey, carried a report of the missile's performance. It was not known whether an announcement would be made on the recovery efforts.

Fired on a 1,500-mile mission, the powerful 65-foot rocket was hurled skyward on what appeared to be a perfect launching at 12:30 a.m.

Legal Bingo Approved

TALLAHASSEE, Fla. (UPI) — The Florida House of Representatives Public Amusements Committee yesterday voted 9 to 2 in favor of legalizing bingo.

The measure, opposed by Gov. Leroy Collins, authorizes county commissions to issue permits for bingo games.

The 1,600-mile long Orinoco River in Venezuela is the eighth longest in the world.

Storm Kills Seven

LAHORE, Pakistan (UPI)—Authorities reported today that four men, two children and a woman were killed under falling debris when a 100-mile-per-hour wind and rain storm swept through Multan Tuesday night. The storm blew away houses, uprooted trees and damaged wheat and mango crops.

Japanese Prefer Selves

TOKYO (AP)—Japanese think they are the most outstanding people in the world.

They rate Germans second, Americans third and British fourth.

An agency of the Education Ministry sampled opinions of 3,600 men and women from every part of the nation.

One question was:

"From the following select one you think is the most outstanding: Japanese, Chinese, Koreans, Indians, South Pacific natives, Arabians, Jewish, Russians, Germans, French, English, Americans."

Results: Japanese 57 per cent, Germans 52 per cent, Americans 47, British 31, Russians 20, French 17 and Chinese 9.

Prop Cuts Candidate

COLDWATER, Miss. (AP) — A campaigning Democratic candidate for governor was slashed on the chest from shoulder to waist when he walked into a spinning airplane propeller last night.

Ross Barnett, 60-year-old Jackson lawyer, was taken to a hospital at Memphis, 40 miles to the north. He was reported in fair condition.

Physicians said the propeller fractured numerous ribs, but apparently there was no damage to the lungs or heart.

The accident occurred after Barnett's chartered single-engine plane landed at the Coldwater Airport.

Barnett has been a vigorous candidate in a four-way race for governor. The Democratic primary will be held Aug. 4.

N. Y. Saves On Gold

ALBANY, N.Y. (UPI) — Gov. Nelson A. Rockefeller said last night that one state office has saved $2,000 in gold this year.

The saving was made by the office of the secretary of state by eliminating the gold stamping of names on copies of official publications sent to legislators and other state officials.

N. Y. Alerted To Death Plot Against Castro

NEW YORK (AP)—New York police, the Federal Bureau of Investigation and other agencies were alerted today to what was termed a plot by hired killers to assassinate Cuban Prime Minister Fidel Castro.

Castro has been in New York since Tuesday and is due to go to Boston Saturday. Hundreds of officers have been guarding him, and more were quickly assigned to the task.

TELL OF PLOT

Police said Castro aides had notified them of the alleged plot early today and said it involved two groups totaling seven men, none of them Cubans.

One of these groups was described as five brothers, between 28 and 35 years old, originally from Philadelphia but now Chicago residents. The other was said to consist of two men, also brothers.

The five brothers in the former group, it was said, all have police records in Philadelphia for minor offenses such as disorderly conduct and assault.

POLICE ALERT

An alert sent to all police commands in the city stated in essence that the two groups had been paid to assassinate the Cuban revolutionary leader. It also was said that the two sets of brothers have no direct association but that the plot probably stemmed from the same source.

A police official said it was not known where any of the alleged would-be assassins are supposed to be, but the report was that they would seize the first opportunity to try to kill Castro.

Port of New York Authority officers were notifed to watch for suspicions cars approaching the city by way of the authority's bridges and tunnels.

A South African regulator for windmills allows them to operate in breezes of less than five miles an hour.

German Paper Says Nikita Ill

FRANKFURT, Germany (AP) —A West German newspaper said today that doctors have strongly advised Soviet Premier Nikita Khrushchev to cut down on his food—and drinks—or else.

The tabloid newspaper, 5-Uhr Blatt—Five O'Clock Bulletin—in a dispatch dated Moscow, said he suffered fainting spells on March 10, 19, April 3 and 7, followed by temporary blackouts.

The paper said doctors work on the theory that the Kremlin's top man may have a brain tumor but Khrushchev declines to submit to a thorough checkup.

Electronic Vote Count Passes Test

SACRAMENTO (UPI)—A bill to permit the use of electronic vote counting devices in all California counties was back in the Assembly today with Senate approval.

The bill was introduced by Assemblyman Robert Crown (D-Alameda) at the request of Gov. Edmund G. Brown and must receive approval of Senate amendments before going to the governor for signature.

At present such counting devices are permissible only in Los Angeles County.

Ike Appoints Dulles As Consultant

WASHINGTON (AP) — President Eisenhower today formally designated ailing John Foster Dulles as a special consultant for foreign policy on the White House staff.

Eisenhower arranged to drive to Walter Reed Army Hospital to attend a formal swearing-in ceremony for his former secretary of state.

Dulles' doctors decreed there should be no public ceremony because of his cancer condition.

In an exchange of letters when Dulles resigned, Eisenhower had announced his intention of keep Dulles in service as a consultant.

Eisenhower at the time set out no specific task for the 71-year-old former secretary.

He did ask Dulles "to serve in the future, to whatever extent your health will permit, as a consultant to me and the State Department in international affairs."

Eisenhower expressed "fervent hope that you will thus be able to continue the important contributions that only you can make toward a just peace in the world."

Panama Troops Dig Up Rebels' Arms Cache

PANAMA (AP)—The National Guard said today it had dug up an arms cache landed on a beach 75 miles west of Panama City by Roberto Arias, fugitive husband of British ballerina Margot Fonteyn.

Arias was still at large with most of the 10-man band the government claims landed with him at Santa Clara Sunday. The government accused Arias of trying to launch a revolution against President Ernest de la Guardia. It expelled his wife from the country.

National Guard Patrols searched the coastal strip near Santa Clara, where the Arias family, long a power in Panamanian politics, has a big estate.

Officials said search of a beach cottage turned up letters left by Arias, including one from American movie star John Wayne. Authorities said Wayne was a friend and business partner of Arias.

At his home in Encino, Wayne said he had corresponded with Arias on several occasions.

Asked what his principal business connection with Arias was, the actor replied: "A shrimp company."

Police said circular felt shoulder patches bearing the number 22 were found in a utility bag, apparently left behind when the rebels fled. It was assumed the rebels were trying to start a "May 22" revolutionary movement — taking the name from the date a year ago of bloody clashes between students and government forces.

Japanese Voters Stream To Polls

TOKYO (UPI)—Japanese voters went to the polls under clear skies today to elect 20 prefectural governors and 46 legislatures in a test of strength between pro-American Conservatives and Communist-leaning Socialists.

There were no reports of violence.

The voting, the first of three ballots to be held between April and July, was seen as a test of the public popularity of Prime Minister Nobusuke Kishi's pro-American policies. No results were expected to be known before Saturday.

Supervisor Assn. Aide Pledges To Fight SP

SACRAMENTO (AP)—A county Supervisors Assn. spokesman today promised a united fight against Southern Pacific suits filed in 51 counties (including Marin) seeking refund of 8½ million dollars in property taxes.

William R. MacDougall, general counsel of the association, said a common legal defense committee will be formed. He said he will ask legal assistance from the attorney general's office.

The railroad filed the suits Monday to recover half of the taxes it paid to counties this fiscal year. It and other utilities claim their assessments are twice those on other property. erty.

"We are confident that the outcome of this litigation will show that the burden of taxation of the railroads and utilities and that of the rest of the taxpayers is virtually the same," MacDougall said.

SP bases its case on a report of the Legislative Interim Committee on Assessment Practices which last month indicated utility assessments — made by the state Board of Equalization — are at 50 per cent of market value while other assessments — made by county officials—are fixed at 25 per cent of market value.

MacDougall said the tax problem involves one billion dollars in the next 10 years. He said the 51 suits filed by SP probably will be consolidated into a single test case.

The bill would create a 15-member Cancer Advisory Council with power to halt the use of what it found to be effective cancer drugs, devices and treatment.

Start Urged On Corte Madera Park Program

An early start of earth fill work for the first two stages of Corte Madera's town park development program was recommended last night by the town park and recreation commission.

Commissioners suggested the town council obtain bids for the work and, as a small starter, use the unexpended $4,000 in the capital improvement fund.

For the 1959-60 fiscal year, the commission urged that the council appropriate funds for 20,000 to 27,000 cubic yards of fill.

Town park areas proposed for immediate filling are (1) the vicinity of the present playground back to the site of proposed tennis courts and (2) the remaining frontage by the town recreation center back to the parking area behind the building.

Engineering plans call for the work at the 22-acre park to be done in six stages. Commission Chairman William M. Ford said tree planting will start in the first two areas after filling is done. The trees are being grown in the town nursery.

The commission recommended a $7,700 budget next year for normal park maintenance, equipment, salary and supplies, plus $2,500 for purchase of a new truck for use by the town gardener.

Mrs. Naydeen Penny, commission member and secretary, announced she will submit her resignation to the council Monday night because of pressure of other business. She is also the town clerk. Ford named Commissioner Morton J. Simon as acting secretary.

Senate Approves Bill On Tam Park Expansion

I-J Special Report

SACRAMENTO—A bill which may make possible extension of Mt. Tamalpais State Park down the west side of the mountain to the ocean and joining it with Stinson Beach State Park won final approval in the Legislature yesterday.

The bill, by Marin Assemblyman Richard H. McCollister, would allow the million dollars earmarked for park expansion in 1957, to be used not only for purchase of Frank's Valley and Dias ranch acquisition, but for other contiguous areas as well.

The Division of Beaches and Parks had pointed out that the restrictive language in the 1957 authorization would have required purchase of all of Frank's Valley and the Dias ranch, although parts of them are not suitable for park use.

Language of the bill passed by the Senate yesterday would allow purchase of major parts of the two specified areas and free the rest of the million dollars for other acquisitions.

McCollister said he thinks as much as a quarter million dollars may be freed for purchase of areas such as Steep Ravine and shoreline south of Stinson Beach.

The bill already has been passed by the Assembly and now goes to Gov. Brown.

KELLY

Continued from page 1

fears that the new police chief and his defeated opponent working in the same city hall would "only result in chaos."

City fathers assured the public there would be no conflict, and no job is being created specifically for Kelly. On suggestion of Councilman Charles W. Aby, the council asked City Manager Dan E. Andersen to make a job survey and recommend what spot Kelly might fill and what the duties and salary would be.

The question of Kelly's hiring will be taken up at the May 4 council meeting.

Mayor McInnis and all four councilmen urged that Kelly's long experience in the city administration would fit in admirably with such work as enforcing business license collections and supervising parking meters.

COUNCILMEN SPLIT

But they split on whether Kelly should work out of the city manager's office or the tax collector's office, and whether there is a need to fill the post of civil defense.

Councilman Fred E. Jensen was the only one to mention salary. He suggested $500 a month be offered to Kelly. Councilman Aby said he thought that rather high because it is "getting close to department head classification."

Mayor McInnis repeated his earlier stand that he would like to see Kelly take over the enforcement of business licenses, among other duties. But in picking an assistant city manager, he would ask applications from career men in the field of city managership, the mayor said. McInnis added he is still dubious about the need for a civil defense chief.

SHORT NOTICE

In backing Kelly for a city job, McInnis pointed out the former chief had been elected for four terms and "had done an outstanding job with the police department." He said Kelly's services could be used to profit, and at the same time give Kelly several months to look around for another police chief's job if he so desires. To be suddenly ousted with only one week's notice after serving 16 years as chief is too short a notice, said the mayor.

Jensen said the words "assistant city manager" and "assistant to the city manager" had come up Monday night only because that position is vacant, and funds are already budgeted under that title. He said he agreed that Kelly is not trained as city manager is not being groomed for such a job.

ONLY QUESTION

"The only questions are, what his job should be called and how much he should get," sadi Jensen.

A woman in the audience wanted to know whether the job of assistant city manager would still be open if Kelly is hired for a city post. If the city manager's load gets too heavy, the city would still look for an assistant city manager, Jensen replied.

"I don't think people should be so vindictive that the city should not use his (Kelly's) capabilities," Aby added.

The mayor suggested that Kelly be hired for business license enforcement, with a term stipulated at four to six months to see how much the job would benefit the city.

ON PROBATION

Jensen and Louis H. Baar argued that all new employees are on six months' probation anyway, and no restriction would be needed.

Councilman Joseph F. Sauer said he was one of the first to congratulate Chief Chiesa and will give his fullest cooperation to the new chief, but hiring Kelly would in no way undermine the job of Chiesa.

Sauser said he knew from talking to the new chief that Chiesa is not of vindictive nature. Sauer seconded Aby's motion to work out a job classification for Kelly under the city manager.

Aby pointed out his motion was for Kelly to work under the city treasurer.

This created a split among councilmen, with Sauer, Jensen and Baar holding that Kelly would be working under the city manager.

"The closer you define the job, the closer you get to an assistant city manager, and the closer you get to a 'no' vote from me," the mayor declared.

Sauer agreed with Mayor McInnis that a career man should be hired in the city manager's office. But he pointed out that Kelly, whatever his title, would still be working under the city manager's supervision.

GIANTS START EASTERN SWING

Antonelli Faces Cubs Tomorrow

LOS ANGELES (AP) — The Giants and Dodgers—looking a bit more evenly matched than they did in 1958—parted company today and flew East, leaving California without major league baseball for a couple of weeks.

They'll be back May 7 for a series in San Francisco.

The Giants will send their undefeated left-hander, Johnny Antonelli, against the Cubs in Chicago tomorrow. The Dodgers also plan to start southpaw, Johnny Podres, against the Cards in St. Louis.

Antonelli is 3-0 and Podres 1-1.

The Giants, who whipped the Dodgers 16 times in 22 meetings last season, managed just one victory in their first three shots at Los Angeles this time around. After losing 2-1 Monday and 9-7 Tuesday, San Francisco drove two Dodger pitchers to the bath house with a five-run fifth inning last night and took a 6-3 decision before 38,036.

Right-hander Jack Sanford, one of the Giants' two important acquisitions since last season, went 8⅓ innings and got his second victory. The Dodgers got to him for 12 hits, but most of them were wasted. Sanford, who has one loss, was bailed out by Sad Sam Jones after giving up two straight hits in the ninth. Jones, the other big addition to the San Francisco staff, fanned the last two batters, Don Demeter and Carl Furillo.

Sanford struck out seven and walked two. Carl Erskine, the Dodger starter, also fanned seven—in just four innings. He was yanked in the fifth after he walked Jim Davenport and gave up singles to Jackie Brandt and Willie Mays.

Johnny Klippstein came in to relieve, and provided no relief at all. Orlando Cepeda, the first man he faced, doubled. Then Felipe Alou and Daryl Spencer singled. Then Ed Bressoud walked. Then Klippstein came out.

There were four runs in at this point and another scored when Johnny Roseboro let one of Clem Labine's pitches get by him for a passed ball.

The Giants had taken a 1-0 lead in the first, when Brandt singled, took second on a walk to Mays, and scored on a single by Alou.

The Dodgers tied it in the fourth. Ron Fairly singled and scored on Charlie Neal's looping triple down the right field line.

Los Angeles got two unearned runs in the seventh. Neal singled and pinch-hitter Norm Larker reached first on Spencer's error. Demeter scored them both with a double.

Mays was hit in the arm and knocked down by a foul line drive in the first while leading off third base. He got up, hobbled around a bit, and stayed in the game. Bressoud hit the liner.

Erskine, making his first appearance of the season, was charged with the loss. But Manager Walt Alston said he was encouraged by the veteran righthander's performance. He said Erskine showed enough stuff to indicate he can be a winner this year.

San Francisco's Alou went three for five and raised his average to .390, second in the league only to Hank Aaron's .500. Alou passed Demeter, who got one hit in five tries and slipped to .385.

MILWAUKEE TAKES GAME LEAD

Burdette Recovers 'At 'Em' Pitch As Braves Win Again

By ASSOCIATED PRESS

Lew Burdette has found his "at 'em" ball again. He misplaced it when he was unfrocked as a Yankee killer last October.

It was the "at 'em" pitch—the pitch that made it easy on the fielders because batters hit it right at 'em—that the big right-hander credited when he won three from the New York Yankees as Milwaukee won the 1957 World Series. He still had it last season, when he became a 20-game winner for the first time.

Then he lost in last fall's World Series, twice taking his lumps while the Yankees staged a startling comeback by winning the last three games.

This season, Burdette has picked up where he left off last year, and so have the Braves, once more leading the National League. Burdette put them a game in front last night, giving up eight hits but outdueling Robin Roberts, who allowed only four, for a 2-0 victory.

Los Angeles fell out of a virtual tie for first as San Francisco ended the Dodgers' winning string at four 6-3. Pittsburgh came from behind twice and beat Cincinnati 9-8. That sprung the Bucs from the cellar and the St. Louis Cardinals dropped in, despite an 8-2 victory over the Chicago Cubs.

The Braves were held hitless by Roberts (1-1) until the seventh when consecutive singles by Wes Covington, Frank Torre and Del Crandall, who lined one off Robin's leg, broke the shutout duel.

BUCS EXPLODE

The Pirates, blanked on two hits for six innings by Joe Nuxhall, tied it in a seven-run seventh capped by Bill Virdon's three-run homer. Then, after Gus Bell gave the Reds a new lead with a solo homer in the eighth, the Bus put it away against losing reliever Orlando Pena in the ninth on a bases-loaded walk and Rocky Nelson's single. Elroy Face (1-0) won it in relief.

Wilmer "Vinegar Bend" Mizell gave up five hits and won his second with a third consecutive complete game job this season for the Cards. Alex Grammas, Gino Cimoli and Curt Flood hit first-of-the-season homers for St. Louis. Taylor Phillips (0-2) lost it.

Vallejo, Tam, Redwood Win Track Pennants

North Bay League's dual track and field season came to a close yesterday with the Vallejo Apaches champions in Class A, Tamalpais Indians in Class B and Redwood Giants in Class C.

Tam's B team nailed down its pennant with wins over San Rafael and Napa at Napa while Redwood's undefeated Little Giants wrapped up the Class C pennant with a win over Montgomery at Santa Rosa.

In varsity competition yesterday the Tam spikemen downed San Rafael by a 72½ to 41½ decision at Napa with double winners Ed Chiswell and Ray Edwards sparking the Indians.

San Rafael's Brent Marshall, a potential triple winner, hit a hurdle in his first race and was not up to par for the rest of the meet.

The Bulldogs did get a double winner, however, in Ron Snidow, northern California's best discus thrower. Ron hit 169 feet 2 inches with the platter and put the shot out 50 feet 1 inch.

Varsity first place winners for Tam were: Ed Chiswell, 120 high hurdles, 16.5 seconds and 180 lows, 21.2; Ray Edwards, 100, 10.7 and high jump, 5-9; Bob Hector, 440, 55.0; Paul Peterson, mile, 4:59.2; Dave McClintock, 880, 2:10.0; Tim Farrell, 220, 23.1; ElCartio Barnes, pole vault, 9-6; and the 880-yard relay team.

Besides Snidow, Jon Winters was San Rafael's only winner with a 20-1 broad jump.

Howard Wallace and John Harris each won two events to pace the champion Tam B's to their 74-37 win over San Rafael. Tam also won Class C, 46-12.

At Santa Rosa, meanwhile, Redwood's Dave Neumann won three events—the 440 in 54.0, the 220 in 23.1 and the broad jump at 19-2½. Other Redwood winners were Marv Stephens in the mile, 4:54.0 and Mike Hoffman in the high jump, 5-7.

Tommy Kearns won the 75 and 150 dashes to pace Redwood's champion C team.

Webb Wins, But Still In Title Background

CHICAGO (AP)—Slashing Spider Webb has spun himself into a corner as far as the middleweight title is concerned.

Webb wove his 33rd victory against only 4 defeats last night with a fourth-round technical knockout of Neal Rivers, but it got him nowhere in his pursuit of Sugar Ray Robinson's 160-pound championship.

Webb carved Rivers into bloody submission in 1:49 of the fourth round in their scheduled TV 10-rounder.

With mystery surrounding Robinson's future plans concerning a middleweight title defense, Webb apparently must sit out in the bleachers and wait for something to happen.

If Robinson, under court pressure, decides to defend his title, his opponent obviously will be Carmen Basilio, the man he dethroned March 25, 1958.

If Robinson is stripped of his title, the National Boxing Assn. will call for an heir-apparent match between Basilio and Gene Fullmer, the winner to meet third-ranked Webb.

In the third round of last night's one-sided match, Webb floored his Las Vegas, Nev., foe for an eight count with a sizzling right to the head. Rivers, however climbed back on his feet and exploded a right flush to the chin which sent Webb reeling from the middle of the ring into the ropes.

Webb shook off the desperation punch, grinned and continued to carve Rivers' gory visage.

Webb, a 4-1 favorite, weighed 158 and Rivers 159.

Harbor Fund Measure Passes Senate Test

SACRAMENTO (UPI)—A bill to transfer $750,000 annually from the motor vehicle fuel fund to the small craft and harbor fund received Senate approval yesterday.

The bill was introduced by Sen. John Hollister (D-Goleta), who said the money would come from the unclaimed fuel tax refund money.

WHO'S ON FIRST? WHY, IT'S THE CATCHER

Tony Taylor of the Chicago Cubs comes face to face with, of all people, catcher Hal Smith of the St. Louis Cardinals covering first base on a first-inning pickoff play in Chicago yesterday. Play went from pitcher Wilmer Mizell to first baseman Stan Musial to shortstop Alex Grammas to second baseman Don Blasingame and finally to Smith. Runner's elbow touched catcher's mitt holding the ball and umpire called him out. Cardinals won, 8-2. National League roundup on page 13. (AP Wirephoto)

Phoenix Has Troubles In Early Games

By ASSOCIATED PRESS

The Phoenix Giants, who had been expected to mop up the Pacific Coast League in 1959 with a minimum of effort, languished in seventh spot today.

The Giants absorbed their fifth defeat in seven starts this year last night, with Portland's heavy-hitting Beavers administering an 11-5 drubbing to last year's pennant winners.

Owen Friend and Jose Pagan hit home runs for the Giants.

The Giants are only a slim cut above the Salt Lake City Bees, who took possession of the cellar by blowing a 9-5 decision to the Seattle Rainiers in 11 innings.

In other league action, the Vancouver Mounties shaded the surprising Sacramento Solons 3-2 and San Diego's Padres moved into a first-place tie with Sacramento by whitewashing Spokane's Indians 5-0, on Bobby Locke's four-hitter.

FIRST PLACE TIE

The Solons, who were all alone at the top of the standings going into last night's game, had a four-game victory skein snapped off by lefty Joe Hatten and two relievers, Gordy Sundin and Dick Fitzgerald. They combined talents for a seven-hitter, with Hatten getting credit for the victory.

Ron Hansen's bases-loaded single in the seventh won the game for the Mounties. The hit drove in Eddie Basinski and Charley White to make it 3-1 in favor of Vancouver. The Solons picked up their final run in the last of the seventh on Bob Perry's homer over the right field wall.

WIGHT WINNER

The Rainiers got their final four runs in the top of the 11th on five hits, including a run-scoring single by Bill Wight, the winning pitcher.

Paul Pettit gave the Salt Lake club its first home run of the season with a two-run blast in the third inning.

The Padres got all the runs they needed in the second inning when they converted Rudy Regalado's double, Billy Hunter's triple and an error into two runs. They picked up singletons in the fifth, sixth and eighth.

Apology Accepted

NEW YORK (UPI)—When Mr. and Mrs. Theodore Malmud were brought into court on jaywalking charges, they denied crossing the street against the lights but apologized for calling the patrolman who arrested them a "jackass." Case dismissed.

AMERICAN LEAGUE ROUNDUP

Yankees' Ford In High Gear Blanks Nats In 14 Innings

By ASSOCIATED PRESS

Stout-armed Whitey Ford went 14 innings for the first time in his major league career last night and beat the Senators 1-0.

He proved there was nothing much wrong with the arm that rendered him virtually ineffective during the last month and a half of the 1958 season.

He struck out 15 and gave up only seven hits in a shutout duel with Bill Fischer and Chuck Stobbs. It wasn't broken up until Bill Skowron rapped his third home run of the season with one out in the 14th.

That left the Yanks two games behind the clubbing Cleveland Indians, who again battered Detroit, 10-1. The Chicago White Sox stayed third, smothering Kansas City 20-6. Boston beat Baltimore 8-4.

Ford, 30, walked seven, but gave up just one single from the fifth until the 14th. Then, after Skowron had ended Stobbs' hitless relief job, Ford was touched for two hits before putting away his 13th victory over the Senators in 14 decisions going back to 1954.

Young Gary Bell (2-0) breezed in with a seven-hitter for the Indians, who have rapped Detroit pitching for 24 runs and 31 hits in two days. Jimmy Piersall drove in the first four runs off loser Frank Lary (0-2) with a bases-loaded single in the third and a two-run homer in the fifth. Rocky Colavito added a three-run blast and rookie Gene Leek, playing his first major league game, socked a two-run homer.

A's ROUTED

The White Sox hustled from behind after the A's had chased Early Wynn with five runs in the second inning. They made it a rout with 11 runs in the seventh off three pitchers —needing but one hit while benefiting from 10 walks (one shy of the record), a hit batter and three errors. Bud Daley (0-2) lost it in relief. Bob Shaw (1-0) won it with 7 1-3 innings of three-hit, shutout relief.

The Red Sox wrapped it up with five runs in the fourth on four singles, a walk and an error against loser Arnie Portocarrero (0-2). Murray Wall (1-0) won it in relief.

Errors, Walks Help Chisox In 20-6 Rout Of Athletics

KANSAS CITY, Mo. (UPI) — The Chicago White Sox staged the biggest scoring inning so far in the 1959 baseball season last night when they scored 11 runs on only one hit in the seventh inning of their 20-6 triumph over Kansas City.

Here's how they did it:

Tom Gorman pitching for Kansas City. Ray Boone was safe on shortstop Joe DeMaestri's error. Al Smith was safe on third baseman Hal Smith's error. John Callison singled, scoring Boone and Smith as outfielder Roger Maris erred. Luis Aparicio walked. Buck Shaw walked, loading the bases. Pinch-hitter Earl Torgeson walked, scoring Callison.

Pitcher Mark Freeman replaced Gorman. Nellie Fox walked, scoring Aparicio. Jim Landis forced Shaw at home, Freeman to Frank House. Sherman Lollar walked, scoring Torgeson.

Pitcher George Brunet replaced Freeman. Boone walked, scoring Fox. Smith walked, scoring Landis. Callison was hit by a pitch, scoring Lollar. Lou Skizas ran for Callison. Aparicio walked, scoring Boone. Shaw struck out. Pinch-hitter Bubba Phillips walked, scoring Smith. Fox walked, scoring Skizas. Landis grounded out, Brunet to Kent Hadley.

Total: 11 runs, 1 hit, 3 errors, 8 walks 1 hit batsman, 3 left.

Dixon announced the club is in final planning stages for its new lodge to be constructed this year near Soda Springs Hotel.

Pardee II Scores 3d Straight Win

SAN BRUNO (AP)—English-bred Pardee II is proving that claiming prices are not always a good appraisal of race horses.

The 5-year-old son of Pardal out of Golden Flame won his third straight at Tanforan yesterday, going away from rivals entered for $20,000. Pardee II was in for $15,000. Entered for a $2,000 claiming tag April 3, he won easily.

On April 9 he came back to score at $6,500 and was claimed by W. R. Johnson, Glendale, Calif. Pardee II's time for the mile and a sixteenth yesterday was 1:43 4-5.

Rodeo Lagoon Fishing Open To Public

California Department of Fish and Game will plant catchable-sized trout in Rodeo Lagoon, Marin County, again this year, it was announced yesterday.

The lagoon is on the U. S. Army's Ft. Cronkhite, but public access for fishing is allowed under a permit system.

Seasonal fishing permits may be obtained at the Provost Marshal's office, Bldg. 558, at the Presidio in San Francisco.

On the May 2 and May 3 opening weekend only, permits will also be issued by military police at the guard station on the entrance road to the fort, just south of Sausalito.

There is no charge for the permits, which are issued primarily as a military security measure and to insure that state fish and game laws are observed on the military reservation.

Patterson, London Ready To Sign

INDIANOPOLIS (AP) — The principals were set to sign the contract today for the Floyd Patterson-Brian London heavyweight championship fight May 1.

Champion Patterson and challenger London were ready to trade signatures at the Indiana Statehouse. They'll trade punches at the State Fairgrounds Coliseum.

Patterson ripped through a hard workout Wednesday, going four rounds.

London's trainer, Nick Baffi, founder lighter and faster sparmates he was seeking to sharpen up the former British titlist.

Judge Orders Robinson To Meet Basilio

NEW YORK (UPI)—Sugar Ray Robinson, pinned against the legal ropes by the double attack of a New York State judge and the National Boxing Assn., was in grave danger today of losing his world middleweight championship.

Robinson, who never has defended the crown he won last year from Carmen Basilio, was told by State Supreme Court Judge Saul Streit yesterday that he must sign within 15 days to defend against Basilio or risk being stripped of the crown.

And the NBA, which rules boxing in states other than New York, indicated it will take the title from the "Sugar Man" unless he signs by midnight this Saturday.

Judge Streit slapped the new deadline on Robinson yesterday in handing down his decision in a court proceeding brought by Robinson. The champion was asking the courts to stop the New York State Athletic Commission from fulfilling its threat to vacate Robinson's title unless he signed by April 15 for a defense against Basilio.

Jordan-Akins Title Fight Rated Tossup

ST. LOUIS (AP)—Don Jordan, the still-hungry champion, puts his welterweight title on the line against erratic but dangerous Virgil Akins tomorrow night in a revival of the ancient boxing argument of who's better—the slugger or the boxer.

The oddsmakers have done nothing to settle the argument. They are calling the fight even —5 to 6 and take your choice. Akins, a somber and silent puncher, is ready for a desperate bid to regain the crown.

The 24-year-old champ is anxious to prove his December victory over Akins in Los Angeles was no fluke. Jordan, part-Apache, and one of 19 children, has gathered in a little loot in the way of endorsements and appearances.

"I've had to make it in the ring," he said. The champ is relaxed and confident and rising fast under manager Don Nesseth, after five ordinary years as a pro under several other managers.

The fight is hard to figure because the career of the 31-year-old St. Louis fighter is so checkered. Akins has been up and down all the way.

A crowd of about 7,500 and a gate of about $50,000 is predicted in 11,000-seat Kiel Auditorium.

Jordan has won 44 of 55 fights, 15 by knockouts. Akins has won 49 of 69, 29 by knockouts, with 19 defeats and one draw.

The 15-rounder will be televised nationally by NBC, 7 p.m., PST.

HANLEY'S REPORT

Snider Discovers L. A. Fans Fickle

By JACK HANLEY
I-J Correspondent

LOS ANGELES—Dodger fans are a fickle lot. They might take a lesson from Giant fans who displayed tolerant understanding toward Andre Rodgers during the rough period the six-foot-three Nassau kid experienced at Seals Stadium last week.

Contrasted with the bolstering morale support Giant fans gave Rodgers is the way Los Angeles Coliseum fans treated Dodger right fielder Duke Snider whose ailing knee now appears in good condition, but still is subject to medical attention.

On his first trip to the plate last Sunday against the Cubs, the Giants' next opponent tomorrow in Wrigley Field at Chicago, Coliseum customers cheered the Duke like he was Babe Ruth. He struck out.

The next time he came to bat the joint rocked with boos. He clobbered a home run. The third time up Snider was again cheered like mad.

A SEASONED pro, Snider doesn't let the fickle fan reaction bother him — at least outwardly. Tied with Ralph Kiner in five seasons with 40 or more homers, Snider's place among All-Time Dodgers is secure.

Several seasons ago he was honored by Dodger fans — the Brooklyn variety in those days — when he was named to the All-Time Dodger team: Gil Hodges, first base; Jackie Robinson, at second; Pee Wee Reese, at short; Cookie Lavagetto, at third; Roy Campanella as Dazzy Vance's battery mate, and Zack Wheat and Dixie Walker in the outfield with Snider.

Hodges and Snider are the only two of the All-Time team still playing for the Dodgers. Hodges, holder of the National League's record of 14 grand slam home runs, is being alternated at first base in some games this season with Norm Larker, a left-handed hitter.

A GABBY cab driver had a couple of vice presidents as his passengers last night going to the final game of the Giant-Dodger series. They were Chub Feeney, vice president of the Giants, and Buzzy Bavasi, vice president and general manager of the Dodgers.

Suddenly realizing who his fares were, the driver told Feeney: "You Giants are playing men now — not boys like those Cardinals you beat 5-1 in two series. It's going to be different for you on this road trip when you'll meet all of the clubs."

Then to Bavasi, he also had a few words of advice. He said southpaw Sandy Koufax could better his 11-11 record of last year if he wouldn't do this and would do that. It wasn't quite clear just what the cabby was advocating but Bavasi listened attentively and then said:

"You just keep driving that cab — this freeway traffic is tricky."

Feeling his answer might have sounded a bit sharp, Bavasi added:

"Maybe you're right. Maybe I should be driving the cab and you should be managing the Dodgers."

DESPITE those negative reports about Florida rains during spring training this year, Bavasi said the Dodgers lost only one day of practice and had no intention of switching their training camp from Vero Beach.

Southern California Chambers of Commerce have been singing sweet songs to the Dodgers in an effort to have them transfer their camp. The C of C boys in this sector are pretty good salesmen, notwithstanding the smog, but thus far have not been able to sell Bavasi on the idea.

JIMMY BRYAN AND '500' TEAM—Jimmy Bryan, who won last year's Indianapolis Memorial Day race in the Belond Special, sits at the car's wheel as he talks with other members of the Belond team, chief mechanic Howard Gilbert (left) and car designer George Salih yesterday. The Arizona driver will drive the car again this year, and he and Salih are confident of another win. Several changes have been made in the car, including built-in hydraulic jacks to speed pit stops. (AP Wirephoto)

Lazy Daisy Special Set For 500-Miler

LOS ANGELES (AP) — Race car builder George Salih intimated today he is designing a model even more revolutionary than his "Lazy Daisy" automobile that has won the last two Indianapolis 500's.

Salih wouldn't elaborate on his plans but he did admit he is thinking — probably has done more than that — on some thing for future big car racing.

It was his yellow Belond Special, driven in 1957 by Sam Hanks and last year by Jimmy Bryan, that created a sensation in car designing circles.

Salih doesn't exactly call the Belond Special "Lazy Daisy," but as race followers know, the car has an engine that lies virtually on its side, instead of sitting upright.

BACK AGAIN

The same car, with Arizona's Bryan again at the wheel, will be back at Indianapolis for the Memorial Day race.

Salih caused a surprise when he said he might be willing to sell the car for $25,000 after the 1959 Indy race. This would be about half the money that has been put into the car.

He said he expects about 15 other cars, or copies of his reclining - powered machine, would be in the coming race. He expects the Belond Special to handle them all right this year, but the next year might be something else.

It was then that the Whittier wizard admitted he has something else working in his mind.

Season Fishing Permits To Be Issued For Novato Lake

Permits for fishing at Novato's Stafford Lake will be issued on a season basis this year, rather than on a daily or weekend basis as in the past, directors of the North Marin Water District decided Tuesday night.

Season permits will cost $3 for adults and $1.50 for children through age 17.

Previously, the charge was 50 cents a day for adults and 25 cents per weekend for children.

Permits will be issued at the water district office, the district treatment plant and at Jim's Sport Shop in Novato. None will be issued at the entrance to the fishing area.

Fishing will be permitted starting May 2 and through the trout season, on Fridays, Saturdays, Sundays and holidays.

Stock Marin Lakes For Trout Opener

Marin Municipal Water District's five reservoirs have all been stocked with catchable-sized trout and will all be open for public fishing again this year, the district's general manager, William Seeger, has announced. Trout limit is 10 fish.

Most of the shoreline around the lakes will be open to fishing, except for posted closed areas near the outlet works.

The district's program, now in its 47th year, is one of the Bay Area's prime examples of successful recreational use of domestic water supply reservoirs.

"We only ask that anglers continue to show their appreciation by scrupulous observance of our necessarily strict sanitary regulations," Seeger stated.

The California Department of Fish and Game has stocked all five reservoirs with catchable-sized trout, although only Lagunitas, Phoenix, and Bon Tempe, the three most heavily fished lakes, were originally scheduled for planting. Kent and Alpine lakes were stocked also after continuing dry weather forced cancellation of plants slated for other waters.

The water district lakes are open to the public every day of the week except Sunday. A $3 seasonal permit (no charge for children up to 17 years old) covers costs of supervising and maintaining the recreational area. The price had to be raised this year to cover the cost of additional sanitary facilities and increased supervision required by public health regulations, Seeger said.

The permits are obtainable at the water district office in San Rafael or from the keepers at the lakes.

AF Censures Colonel In Bumping Case

TOKYO (UPI)—The U.S. Air Force announced today it has reprimanded Lt. Col. Charles H. Platt Jr. and relieved him of his command for his part in bumping seven enlisted men en route to the United States on emergency leave.

Two other officers, a major and a captain, not identified, received official reprimands for failing to prevent the incident.

Platt, 49, of Brooklyn, N.Y., was relieved of his post as commander of the Air Terminal Squadron at Tachikawa Air Force Base and made to forfeit one-half month's salary, $340. The Air Force said Platt was being transferred.

The enlisted men said Platt ordered them bumped from the plane so he and his wife and their four children could leave for a Hawaiian vacation. They said they pleaded with him but that he turned away and ordered a major to put them off the aircraft.

Five of the enlisted men were put back aboard the plane by Lt. Gen. Robert W. Burns, top U.S. commander in Japan, who ordered the craft to return after it was 30 minutes out on a flight to Honolulu with the colonel and his family. Two other men had left the airport.

Planners Delay Application For Apartments

The Marin County Planning Commission on Monday continued until May 4 consideration of an application for a permit for a 24-unit apartment building in the Mariner Oaks area of Tiburon, proposed by Mattei Development Co. of San Francisco.

The Independent-Journal reported in error Tuesday that the commission rejected the application for such an apartment filed by Kurt Heath.

Heath was the applicant for another apartment project, which was approved by the planners on Monday morning, and approval of which was reported in Monday's Independent-Journal. The building is to be placed on one lot in the Marinero subdivision of the Tiburon peninsula, and was approved contingent on architectural approval of plans for the two adjacent lots.

Mattei Development's plans were considered in the afternoon. The planning commission, in postponing action, made note of the fact that they did not provide for protection for the adjoining property, as was the case with Heath's plans.

Navy Reserve Program

A program on "optical alignment of marine propulsion equipment" will be presented by Cmdr. Marsh W. Bull of Ross at 8 p.m. Tuesday at a meeting of Naval Reserve Composite Company 12-17 in Room 23, College of Marin, Kentfield.

'Birdman Of Alcatraz' In Bid For Freedom

SAN FRANCISCO (UPI)—Robert F. Stroud, "Birdman of Alcatraz," is seeking his freedom after a lifetime behind bars, including 42 years in solitary confinement.

Attorney Stanley A. Furman of Beverly Hills, has filed a writ of habeas corpus in U. S. District Court in behalf of the 69-year-old convict who while behind bars became a leading authority on the habits and diseases of canaries.

The appeal was based on a 1958 decision of the U. S. Supreme Court involving double jeopardy.

The high court held that when a person is convicted of a lesser offense than first degree murder and wins reversal, he may be retried only for the lesser offense, such as second degree murder, but not on the capital charge.

Stroud first entered prison in 1909 for the slaying of his sweetheart's ex-boy friend in Alaska.

In 1916 while at Leavenworth Prison he fatally stabbed a guard. In the second of three trials rising from this he was sentenced to life imprisonment. But the verdict was reversed, and in June, 1918, he was sentenced to death.

Although President Woodrow Wilson commuted his sentence to life imprisonment, Stroud's attorney argues now that the sentence was invalid because it violates the Supreme Court's present interpretation of double jeopardy.

The area of Europe is 3,842,000 square miles.

Fashion Focus Says 'Change Outlook'

If you're in a fashion rut, now is the time to "Change Your Outlook"!

To prove it on Tuesday, Fashion Focus did a complete fashion about-face at the Rickey luncheon, all to honor the hardworking Catholic Youth Organization Auxiliary whose work with the CYO helps to change the outlook of many Marin youngsters.

The enthusiastic audience agreed that a change was long over do. For those tired of living the "one and only" life, one and only dress style, hair style and make-up, the R and M Style Shops, Raymond's French Salon of Beaute and Beauty Counselors collaborated on a new fashion attack.

Indeed Tuesday was fashion D-Day . . . a day to change and be daring, dazzling, different and delightful, with Marion Bellamy, Fashion Focus coordinator, admonishing at show time "Don't be a fashion fuddy-duddy, and stay in the same old rut."

Instead, "Change Your Outlook" and be

"Daring," in hot orange terrific on blondes, sensational on brunette Mrs. Alex Bovee in Eleanor Green's silk shantung sheath, a big bow to accent the V neck; a ripple brim rough straw with lush flowers for added dash.

"Dependable", and always ready for every occasion in Murray Schneider's navy blue drip dry slim cotton, white dots popping over all, flattering to many ages and figures, especially to Mrs. Raoul Ramas.

"Delicious," a flowered confection, Jonathan Logan's full skirted, scooped neck nylon chiffon dance dress, blue zinnias the prize bloom for Mrs. John Lichtenwalter.

"Decisive," Mrs. Robert Manthley deciding on David Crystal's toast toned pisanti Italian silk suit to replace the usual wool. Her decisive accents, jonquil cloche and matching silk scarf.

"Different," a new chignon twist by Raymond for Mrs. Rodney Wagner's pretty red hair, and a boldly different geometric print by L'Aiglon its earthy tones reminiscent of a Mexican painting; her Spanish sailor hat with black chiffon trim a smart touch.

"Delightful" and easy addition; one paisley print turquoise sheath, and one smartly fitted short jacket to make two go-everywhere summer outfits for Mrs. Caeser Traverna.

"Delicate," the look men love, a feminine, flattering champagne linen sheath delicately embroidered with dainty flowers and the matching wide brim Rickie straw a hat with man-appeal for Mrs. Charles Lavaroni.

"Dazzling," yes, a silk shirtmaker can be dazzling when its white Chinese silk hugged by a pink jeweled sweater on the shoulders of Mrs. Frank Soares.

Next Tuesday, the popular Fashion Focus luncheon will show "It's Legal This Spring" to look like a girl and honor the Lawyer's Wives Auxiliary with new spring-into-summer fashions from Maryon Taylor of Ross. Reservations may be made by calling Rickey's.

YOUNG JAMES TREANOR presents, left to right, Kathy Sweeney, Adrienne McGuire, Patty Parks and Polly Gut who will model in the "Sunday Carousel" fashion show and tea to be given by the Garden School of Dominican College on Sunday, April 26 at 3 o'clock in Pennafort.

Marin County institutes were: Logan Institute of San Rafael; Rosarium Institute of Larkspur; St. Anselm's Institute of San Anselmo, and Star of the the Sea Institute of Southern Marin. Other institutes who sent delegates to the conference were Kennedy Institute of Eureka, St. Sebastian's of Sebastopol, St. Rose's Institute of Santa Rosa, Meiler Institute of Healdsburg, and St. Vincent's Institute of Petaluma.

Guest speaker at the conference was past grand president, Mrs. Frank Lynch, a member of St. Sebastian's Institute in Sebastopol. Several grand officer from Marin County were in attendance at the meeting. They were Miss Loretta O'Rourke of San Anselmo who is a past grand president and is the present grand treasurer; and Miss Claire Skidmore of Larkspur who is a grand director.

Mrs. Joseph DeMartini and Mrs. Jack Benz of San Anselmo, both institute deputies, were also present. Mrs. Leo Quadros of Sausalito, deputy of District 5 and member of Star of the Sea Institute in Southern Marin was mistress of ceremonies for the conference.

A dinner honoring the past president of District 5 will be held on Thursday, April 30, at the Green Mill in Cotati. Hostesses for the evening will be the members of the St. Sebastian's Institute.

Mills Alumnae Silent Austion, Luncheon Friday At Center

The annual silent auction and bridge luncheon of Mills College Alumnae of Marin County will be held tomorrow at Frances Young Art Gallery at Marin Art and Garden Center. The 1 o'clock luncheon will be preceded by a sherry hour.

On the auction table will be a number of unusual articles, including some antique silver and brass pieces, glassware and ceramics. These articles will be displayed for bidding until after luncheon.

Also for sale will be copies of the Marin Mills Alumnae's highly successful cookbook, "Cooking With a College Education," published last fall. Most of the edition has already been sold, according to Mrs. William B. Barnes, president of the local group, and the members are hoping to complete their project by June. All proceeds from the sale of the book, as well as from the luncheon, are directed to the Mills College Alumnae Fund for the purpose of increasing faculty salaries.

Alumnae members in charge of arrangements for the luncheon include: Mrs. Robert Guastivino, Larkspur, assisted by Mrs. W. H. Bahlke Jr., Marinwood; Mrs. William B. Barnes, Mrs. W. G. Magladry, Mrs. Thomas Stenstrom, San Rafael; Mrs. Philip B. McCormick, San Anselmo; and Mrs. William Warner, Kentfield. Chairmen of the sherry hour is Mrs. F. O. Foster, Corte Madera. Table arrangements will be made by Mrs. Ronald Crawford, Sausalito and Mrs. Barnett J. Sumski of Sausalito is handling the silent auction. Cookbook sales will be in charge of Mrs. F. W. Peters Jr. of Mill Valley. Reservations may be made with Mrs. Maurice Salomon, 333 Goodhill Road, Kentfield.

'FUN RAISING'

Tropical Decor, Costumes At Cove Players' Dance

Brillinatly colored tropical fish decorated the walls of the the Southern Marin Recreation Center in Tiburon for Saturday night's "fun raising" dance of the Cove Players. The costumes were brilliant and the Hawaiian Muu-muu was the most popular. Kay (Mrs. Samuel) Mercer's was striking dark blue and white print and Lucille (Mrs. Nelson) Shreve wore a bright red and white one. Bea Wineman, dashing around making final arrangements in the evening's program which she directed, in a flowered sarong, later appeared in the black-faced African garb she wore during the show.

Leafie Smith, her flaming red hair dyed black, wore a Japanese kimono, and her husband, Oliver, loaded with cameras, was a tourist. Getting a lot of laughs during the evening on his "native girl" costume was Charles Pruett, complete with grass skirt and a bright blonde wig. Shirley Pruett was in a Chinese costume.

Coming in from the party they had hosted before the dance were Vic and Shirley Banks with their guests Mike and DeeBee Abramson, Dick and Shirley Gravelle, Don and Fat Raggio, Kergen and Pat Bruck and Dave and Ginny Williams.

Rec Center president George McKegney, appeared on the dance floor briefly in his "native boy" costume to dance with his wife, Betty, who was garbed in a bright Hawaiian print skirt and blouse. Juanita Curley performed several hula numbers in a bright red dress during the latter part of the evening.

Among those seen on the dance floor were George and Jean Banning, with George and Mimi Berticivitch . . . Mimi in a flowered sarong, Dorothy Boat, dressed as a tourist, Dorris Carr, who played the lead in the evening's show, wore a summer print dress after her stint to dance with husband, Dan Bonfigli.

Old Mill P-TA Schedules Fiesta

The "Fiesta" is coming again to Old Mill School on May 16 with an "international" theme replacing the strictly Spanish accent of the past, according to Mrs. Horace Schwartz, general chairman.

"Festival of the Countries" was the name chosen out of several hundred suggested by pupils in a contest sponsored by the P-TA. Winner was Edith McElhinny, second grader in Mrs. Eleanor Jones' class. She was awarded a prize of one dollar.

Second prize of a dollar was awarded to Mrs. Pearl Hildebrand's fourth grade for a jointly contributed name.

The international theme will be carried out in flag displays of all countries and appropriate decorations of booths and stands, according to decorations committee chairman Mrs. Grant Robbins. Booths for the gayway are being planned by Mrs. Weld Wilkie, and each grade will sponsor either a booth or a stand decorated to represent one of the nations.

Other chairmen for the gala event are Mesdames Mary Alvord, special events; Carl Jensen, food; and Richard Goldsmith, costume parade.

Mrs. McKinney Honored By Cummins P-TA

Climaxing a year of fun and fund-raising for child-welfare work, Neil Cummins P-TA added another project to their many-faceted program. The Sight-Saving Fund was initiated at the recent meeting in honor of their out-going president, Mrs. William Barck.

The Sight-Saving Fund of Neil Cummins Parent-Teacher Assn. was instigated for the purpose of assisting children whose sight may be faulty or impared in any way and who may not be able to receive aid in any other way. According to Mrs. C. W. Valk, the new President of the Unit, this Fund will become continuous in future years and all fund-raising events will add their share to its effectiveness. Also, she stated, anyone who is interested in this type of child aid may add to the Fund through the Neil Cummins P-TA. It is expected that the Fund will become a permanent project of the Assn.

Another accomplishment of the P-TA this year was the purchase of an honorary life membership, given in honor of the school's teacher, Mrs. Dona McKinney. Mrs. McKinney, whose devotion and work with children in the community is well established, has taught in the District for many years, and the membership in this Marin Scholarship Fund will send a worthy student to college or assist a teacher in adding to her credentials.

Surprise Entertainment Set For Mt. Carmel P-TG Fantasy

Sun centered with pastel colors emphasized will be the decor for tomorrow night's "Spring Fantasy" dinner dance at the Outdoor Art Clubhouse, according to the Gerald Mertens, chairmen for the Mill Valley Mt. Carmel Parent-Teacher Group's annual event.

Mertens, assisted by Mrs. George Monardo and Mrs. Gene Fox, are working out the details of the original decor, and the culinary committee headed by Mrs. Fred Greenland and Mrs. Leonard Fleischman are making final dinner plans.

George King, P-TG president, will be assisted by a dozen fathers in the potables department, and surprise entertainment being developed by Mrs. John Gatfield as producer-director and Dr. Vincent Pennisi as master of ceremonies is scheduled to follow the 8 o'clock dinner.

On the program will be a "Spring Fever" number by Carmelita and Bob Bullock; "Heavenly Voices" featuring Gerald Misner and Regina Brymer; and Mimi and Julian Weiner in "A Bit Of Business."

Presenting a few numbers between acts will be the Carmel Choraleers, composed of Gene Fox, George King, Jim Arbios, Fred Greenland, Keith Cramer, John Farnham and Dick Tomczak.

Paul Vogelheim will be accompanist and Ernest Brymer will serve as electrician for the numbers.

Others serving on committees were Mesdames Ralph Holtgrove, invitations and George King and William Love, reservations.

THE BETTER HALF — by Bob Barnes

"Sorry, madam—but your account has been closed."

Chilled, Please

All the Spanish sherry types, the dry finos, nutty amontillados and sweet oloroso or cream sherries, are white wines that darken as they mature in cask, first turning golden, then amber and finally a deep mahogany. The light-colored types are served cool, with or without ice. The English prefer to serve the dark, sweet oloroso sherries just as they come from the bottle. Both ways of serving are correct, although chilling is preferred.

Pictures Of Africa Shown Tea Guests

Colored slides of little known parts of Africa were shown by Miss Frances Milliken at a tea on Sunday afternoon at the San Rafael home of Mr. and Mrs. Victor Jones. Miss Milliken, who spent several months on the Dark Continent, is a former teacher at San Rafael High School, and is a past president of Marin Branch of the American Association of University Women. A number of the guests were AAUW members and their husbands.

Among those present were Messrs. and Mesdames Ferard Leicester, William D. Fusselman, Dewart Lewis, Lyman Mitchell, Joseph Albanese, Robert Callwell, Mrs. Agnes Palmer, Mrs. Helen Meacham, Mrs. Marguerite Layton, Misses Ethel Bryce, Lois Walker and Jean Baker.

McGowan-Wislon Rites Performed

Arrangements of white stock, carnations and ivy decorated the Santa Ynez Valley Presbyterian Church in Ballard, Calif., for the recent wedding of Mary Barbara Wilson, daughter of Mr. and Mrs. Raymond E. Wilson of Ballard and Warren James McGowan of Mill Valley.

The bridegroom is the son of Mr. and Mrs. W. J. McGowan of Mill Valley.

The Rev. Ernest W. Tune officiated for the double ring ceremony.

Given in marriage by her father, the bride wore a floor length gown of white silk organza fashioned with an Empire waist, short sleeves and square neck. The gown had a chapel train. Her fingertip veil was held by a pearl embroidered cap and she carried a bouquet of lilies of the valley, violets and cymbidium orchids.

Carlotta Rameriz of Bakersfield, a classmate of the bride at California Polytechnic, as green crystalline gown styled with princess lines and short sleeves. She wore matching shoes and hat and carried a bouquet of white carnations and ivy.

Bridesmaids, Nancy and Jean Giorgi of Gaviota, cousins of the bride, and Kay Drummond of Oxnard, wore apricot crystalline gowns fashioned like the maid of honor's. Each carried bouquets of white carnations and ivy.

Mrs. Wilson wore a navy polka dot silk dress with white accessories and a white rosebud corsage.

The bridegroom's mother an avocado organza dress with matching accessories. Her corsage was of white rosebuds.

Frederik Kett of Sausalito was best man and ushers were Richard Sloan of Mill Valley, Brand Hildreth of Los Angeles and David Wilson of Ballard, the bride's brother.

A reception for 200 guests followed the ceremony at the home of the bride's parents.

The bride attended Santa Ynez Valley Union High School, Longwood College, Farmville, Va., and Cal Poly where she will continue her studies.

The bridegroom was graduated from Tamalpais High School and College of Marin. He is now attending Cal Poly. He served for two years in the U. S. Navy.

After a wedding trip to Southern California, the couple will make their home in San Luis Obispo.

Marin Faces Threat Which Prompt Action Can Avert

Marin is doubly blessed.

First, our area is blessed with such natural advantages as a delightful climate, picturesque sea and bay shores, and beautiful wooded hills.

Second, we enjoy a number of man-made facilities necessary for good living. Our water supply is adequate and of good quality. Our sanitation systems are now mostly adequate. While our streets and highways can stand improvement, they nevertheless are quite good when compared with some less well developed areas.

We have good stores, reasonably good school and medical facilities (although here, too, there is room for expansion).

We also have good communications, adequate electric power and adequate gas supply for heat. We could go on and on.

But there is a dark cloud on the horizon.

There is an insidious threat to our well-being, a threat that an increasing number of informed people are becoming genuinely concerned about.

It is the rising burden of local property taxes.

A growing number of informed people fear that—unless the present trend of rapidly rising local tax rates is held in check—unbearably high taxes may be upon us in the not-too-distant future.

This is a threat to our well-being that is essentially of local origin (we determine our own tax rates locally and we even determine, albeit indirectly, the local services we want to pay for).

Consequently, we can control the tax situation locally.

But we must start now.

Our County Supervisors must be more diligent and more adamant about "holding the line" against costly new programs of "service" to the public.

Every other one of our local governing boards must do likewise and we mean our school districts, sanitation districts and all the rest of the local tax-levying agencies.

At the same time, we must not relax our efforts to broaden our tax base. The efforts of the Marin Development Foundation—aimed at attracting industry to Marin—ought to be re-doubled. And our efforts in the direction of building up the tourist and convention business of Marin similarly must go forward with full support from all.

We can lick the local tax problem, but not if we ignore it. We must take effective and constructive action to avert the insidious threat.

Rows Of Roses

Ask anyone to select a Royal Family of flowers and chances are roses will be on the list. Everyone appreciates the rose's aristocratic elegance.

This is Marin's time of roses. On a thousand fences a million roses bloom. Bush roses put forth buds which open like small cabbages. Climbing roses over gates and trellises are blossoming. Elegant tree roses are flowering. Tiny miniature roses are also blooming.

Marin is a rose-loving, rose-growing county and roses do remarkably well here. Rows of roses line road and lane. Their delicate, colorful, fragrant blossoms add beauty to our county.

Who could wish for more loveliness than this?

THREE MINUTES A DAY

By JAMES KELLER

WIDEN YOUR HORIZONS

Swimming the Panama Canal in less than 24 hours was the record set by a 53-year-old U. S. Navy physician, Capt. Robert F. Legge, not long ago.

He completed the 28½ miles from Gatun, on the Atlantic side, to the Pedro Miguel locks on the Pacific side, in just under 22 hours.

Many obstacles and difficulties were encountered in this endurance test. Besides meeting up with a boa constrictor, the dogged swimmer was run down by his own convoy launch.

Although you'll never dream of swimming the Panama Canal, you can add much real zest to life if you set big and worthwhile goals for yourself.

No matter what your circumstances, you are entrusted by the Lord with a capacity for doing good that would likely startle you if you realized its full potential.

Keep constantly reaching out to wider horizons for the glory of God and the well-being of others and you are bound to live a richer, fuller life both here and hereafter.

"He that followeth justice and mercy, shall find life, justice and glory."
(Proverbs 21:22)

Stimulate me, O Lord, to be big in vision, not hemmed in by my own smallness of outlook.

New Ways To Relax At Office Stand On Head, Make Like Lion

NEW YORK (AP) — There's a new way for the tired businessman to get rid of nagging tension. He can stand on his head—yep, right in his own office.

This upside down posture might even clear his thinking and help him close a million-dollar business deal.

Head standing in the modern American office as a quick way to relax is not a visionary dream. It is being done.

Two of the leading exponents of this form of office exercise are Hugo Peretti, 41, and Luigi Creatore, 37, two of the brightest geniuses in the music recording field.

"I can cure a blinding headache in five minutes by standing on my head," boasted Hugo.

He is a reformed trumpet player. His partner, Luigi, is a former free lance writer.

It is a nerve-wracking industry, and its strains often drive the men in it to ulcers or the psychiatrist's couch — or both. Some time ago both Peretti and Creatore felt the pressures were getting them down.

"Then we heard of yoga, the Hindu system of mental and body discipline," Hugo said. "We decided it was worth a try."

Since then they have tossed away the tranquilizing pills.

When the tensions of a fast-paced day begin to turn their nerves to twanging banjo strings, they simply shut the door, turn off the phone, go to a small gym they have outfitted behind their office and practice their yoga exercises.

Luigi usually does the head stand, because he is better at it. Hugo's favorite is the lion pose.

"In this," said Hugo, "you kneel, then sit back on your haunches like a lion. Your hands are stretched out past your knees. You let your tongue hang out, your eyes bulge — and then you stretch every muscle in your body, let them relax, then stretch them again."

SECRETARIES were at first unnerved when they entered the gym and saw Hugo, his eyes bulging, making like a lion. But in the music world you soon get used to anything.

In another favorite yoga position the partners simply stretch out on the floor and try as hard as possible, said Luigi, "to look like a piece of raw liver."

"After five to 15 minutes of these exercises," said Hugo, "we jump up completely refreshed. We are good then for another 10 hours of work."

ONCE A WEEK the boys visit their guru, or yoga teacher, for an hour of advanced instruction.

The partners have taken considerable ribbing from friends. But they think the benefits in their own case have shown any worried executive might improve his health by a little judicious head standing.

A Song Of Love For Benefit Aid

EDITOR,
Independent-Journal:

This letter is filled with thanks for the help so generously given by the I-J and others to our scholarship raising event so a Tamalpais High School senior can go to England this summer as a participant in the Experiment in International Living.

Our benefit was a foreign car show held at Alto School, Mill Valley, last Sunday. Our committee thought, innocently, what FUN to give such a show, with local owners showing their treasures for their enjoyment and the student's benefit!

Well, day by day we found ourselves more and more deeply involved in all kinds of details, problems, and complications which revealed to us our abysmal ignorance in the achievement of successfully putting on such a show, involving competitions, prizes insurance, and about a thousand other things.

As the chairman, I talked to many people interested in foreign and sports cars in the county, San Francisco, and more far flung areas. They—and here is my love song — turned out to be the most generous, helpful, sympathetic, interested, and cooperative group I've ever had dealings with: I'd like to say in print that we're eternally grateful to them. They enabled a group of rank amateurs to achieve a creditable show, glittering with magnificent automobiles, to fulfill our aim, and without them we would have had a certain failure. . . .

Adults Set Poor Example For Youth

EDITOR,
Independent-Journal:

What must the children of us — vindictiveness, seeking reprisals, crying and cursing over our differences! We are a sorry lot indeed for them to watch and after which to pattern their lives. I speak of myself as surely as I do of others. And somewhere this has got to stop.

It was with relief that I read Mrs. Klein's letter in your column concerning the problems that mutually confront the county school board and Dr. Virgil Hollis. Here is some one (though I can't agree with her entirely) who is making an honest effort to rationalize clearly. And it is indeed an "ill wind that blows nobody any good."

It is regrettable that matters have moved as rapidly and emotionally as they have, whatever may the cause. However, let us hope with all earnestness that Dr. Foster will be happy in his new position and that some very fortunate school district will find Mr. Harris and enjoy his many assets.

Let us hope also that we may understand the weighty problems that beset our county superintendent. He has a constituency of many who expect certain actions from him, so this is hardly a personal matter. He is now working for the majority. But no majority is worth its salt without the inclusion of its minority. So go to him, call him, write to him, talk to him calmly and intelligently. Disagree if you will but let's be ladies and gentlemen about it. Always remember that the louder you shout, the weaker is your cause and by the time you get to name-calling it is lost.

Being from Mill Valley, I hope sincerely that our school bond passes this May. And I further hope that school bonds and taxes pass and pass in the future everywhere until we can bear it no longer. And when that time comes let's be good sports, hitch in our belts and make the most with what we have. Nowadays we are either privileged or over-privileged but we may be willing our children an era of stringency. Let's teach them how to face the monster of Not Having Everything We Want with equilibrium. Let's face it ourselves.

This is my last word to the adult public on education. I am going back to working with the young ones. They need me (and all of us) and I certainly need them. Children have an innate morality that is wonderful to be next to. For instance, (and any principal or teacher will tell you this) in their code of ethics is the maintenance of complete loyalty to the guy who pokes you in the nose. This way they can manifest their pristine lack of guilt (that we adults have in such abundance). For they seem to sense that "there but for the Grace of God—." "I could have hit him in the nose but wasn't I lucky he poked me first.

Oh yes, look down, you matriarchs and patriarchs, that you may look up. "The child is father of the man."

Potrero Meadow Deserves To Stay

EDITOR,
Independent-Journal:

Recently the Southern District of the Marin Council held a Boy Scout Camporee at Potrero Meadows near Mt. Tamalpais. The use of these facilities was made possible through the generosity of the Marin Municipal Water District. Approximately 230 boys and adults took advantage of the facilities. We are most appreciative of the kindness and cooperation of the water district officials.

Marinites should be justly proud of the very wonderful recreation facilities available to them. Both the leaders and the boys at our camporee were deeply impressed with the beauty of Potrero Meadows and the location added greatly to the camporee.

It is our hope that this area will always be kept in its present state. What a tragedy to the residences of Marin it would be to lose such a beautiful area!

A puzzled movie star asked help of a saleslady in an exclusive Fifth Avenue haberdashery shop. "I want a gift of some kind," she lisped modestly, "for a man who already has everything: ME!"

A British scenic designer, in the course of an interview at the Waldorf, expressed a great enthusiasm for the game of squash. "Which," demanded an impish scribe, "do you consider more important: squash or sex?" The designer thought this over solemnly for a moment, then countered with, "Do you mean squash tennis or squash racquets?"

Since Crypt Violated, Cemetery Visitors Viewed With Suspicion

ANYONE PROWLING about in a cemetery who doesn't look like a mourner is apt to get suspicious glances directed at him.

Last week two slightly unusual groups (to frequent a cemetery) spied each other in Fernwood Cemetery, a neglected burial ground over a hill from Marin City.

One contingent headed by Coroner Frank J. Keaton and Sheriff Louis P. Mountanos looked at the other group of four and demanded: "What are you doing here?"

The others confessed that they were about to ask the same question. Their business, it turned out, was to rehabilitate the old cemetery and they were looking over the terrain.

The coroner and sheriff's party was investigating a violated crypt which was discovered to be empty, without a trace left of the remains of a Sausalito pioneer who was entombed there in 1904.

ON THE SUBJECT of cemeteries and funerals, one discovers after writing a few hundred obituaries that the reactions to a death in the family are many and varied.

One elderly San Rafael woman died last year and a reporter called the family to obtain biographical data. Her daughter couldn't think of much that would make a obituary story.

"She was just a lovely old mother," she said.

Although this tribute wasn't printed, it was probably the finest that the dead woman could receive.

A good deal of the time, the undertaker serves as a sort of "invisible shield" between the family of the deceased and the newspapers. Sometimes it sounds like a rather trying business.

On one occasion Coroner Keaton (who happens also to own a San Rafael mortuary) remarked of a family "They're all intellectuals, school teachers or something, and awfully hard to deal with."

THE TOWN OF Ross, which dearly wishes it could conduct its town business without "outsiders" publicizing what goes on, has apparently retrenched on the idea of increasing its police force.

The leaders of the movement petitioned the town council for 24-hour a day coverage, something that would involve increasing the police force from two men (a chief and assistant chief) to five men.

After this was reported in the newspaper, a distinct silence developed. The leaders of the movement decided that it wouldn't do at all to have the world at large know that Ross had only two policemen. That too much resembled an open invitation to burglars and other malefactors.

The increase - the - police movement in Ross has now either died away or simply gone underground.

This same philosophy pops up in the most unexpected places. One day Florence Donnelly, the I-J society editor, telephoned to ask a San Rafael matron about her around the world trip.

The reason for a cold refusal to divulge her itinerary came to light a month later. The woman didn't want anyone to know her house was unoccupied.

As soon as the house was rented, the matron was only too happy to let it be known where and when she was going.

Neuberger Only Solon Advocating Higher Taxes To Pay For Spending

WASHINGTON — I wonder if the time hasn't come to begin facing the budget facts.

The Administration says it wants to balance the budget by cutting spending but it is not proposing to cut enough to do it.

Most Democrats say they want to balance the budget but are proposing more spending without more taxes.

The end result is lip-service to a balanced budget.

Both sides alluringly hint at the prospect of lowering taxes in another year. This is made up of equal parts wishful thinking and reckless talk. The fact is that appropriations authorized in the past, including this year, will raise Federal spending at least $2,000,000,000 above the minimum budget for 1959-'60 and who knows what is going to happen over Berlin and other exposed fronts in the cold war?

IF WE ARE going to have a balanced budget for the next fiscal year, both parties will have to struggle harder against the current. The Administration would have to cut deeper into the appropriations it is asking in order really to stand for a balanced budget. The Democrats would have to pass higher taxes in order to make up for the higher spending they are approving.

Right now I can spot only one earnest, plain-speaking, lonely member of the U.S. Senate who is proposing spending measures equal to his convictions and increased taxes equal to his proposals.

He is Sen. Richard L. Neuberger, D., Ore., who has recently advocated:

1 — The two revenue increases sought by Persident Eisenhower and supported by practically nobody in either party: namely, to put 1½ cents more per gallon on the Federal fuel tax to pay for the vast highway program and to bring postal rates more in line with increased costs. Revenue yield about $1,000,000,000.

2 — Two revenue bills of his own initiative, one to cut the depletion allowances for oil and gas companies from 27½ per cent to 15 per cent, and the other to reinstate the excess profits tax of 1950. Estimated revenue yield about $1,900,000,000.

I AM NOT arguing that everything Mr. Neuberger wants to spend is vital or that his tax proposals are automatically the best way to raise the revenue. But I would like to say that the consistent, coherent, candid stand he is taking is as rare and as welcome as a two-minute speech.

To control inflation Sen. Neuberger holds that a balanced budget is not enough. He points out that it wasn't enough in the years 1947 and 1948 during which the two-year budget surplus was $9 billion and the cost of living increase was 22 per cent.

Along with Republican Sen. Alexander Wiley of Wisconsin, co-sponsor, Sen. Neuberger is asking Congress to give the President standby powers to control wages and prices. His argument is that since labor doesn't want wage control and management doesn't want price control, the best way for the President to get labor and management to hold both wages and prices within bounds is to let these unhappy alternatives be more visible.

Bill[illegible]oard Regulatory Bill Watered Down

I-J Special Report

SACRAMENTO—A watered-down version of Marin Sen. John F. McCarthy's billboard regulation bill was approved by the Senate Business and Professions Committee Tuesday.

Sen. Alan Short of San Joaquin County introduced major amendments which McCarthy said "would emasculate the bill." Some of them were approved anyway.

Short was successful in:

1. Increasing the size of permitted billboards from 300 to 504 square feet. A 300-square-foot board is the usual paper-covered board; 504 square feet are often used as a painted board.

2. Owners of billboards would have "not more than five years" in which to remove boards in violation of the regulations, instead of one year. County boards of supervisors would be permitted to shorten the time for removal.

3. A ban on brand name advertising was removed from the bill.

Short was unsuccessful, however, in widening the area which would be exempt from the regulations. He offered two amendments which would have legalized billboards in areas of a rural nature under regulation in the bill.

After the committee gave its "do pass" recommendation and moved the bill out to the floor of the Senate, McCarthy called it "still a good bill; it gives us a solid statewide basis for regulation of billboards."

He said he expects it to pass the Senate without trouble and "maybe we can improve it a bit in the Assembly."

The measure leaves designation of which roads are scenic entirely in the hands of the supervisors.

Tuesday's hearing, the fourth held on the bill, was probably the largest of them all. Every seat in the hearing room was filled and all available standing room as well. But none of the persons in the audience, many of them from Marin, testified. Key spokesmen both for and against the bill did all the talking.

L.A. Area Hit By Dust Fever

LOS ANGELES (AP) — Dust fever, often mistaken for a chest cold, is drifting into the Los Angeles area from the San Joaquin Valley, 120 miles north of here.

That's what Dr. Bert H. Cotton, Los Angeles, told the American Assn. for Thoracic Surgery yesterday. He said dust fever, actually a fungus infection in the lungs, is common in dusty areas.

Cotton said common symptoms are coughing, fever and abscesses. About 95 per cent of the victims think they have a cold in the chest and recover without medical care. Fewer than 1 per cent of the victims die, he added.

He said 35,000 new cases are reported annually in the San Joaquin Valley and the fungus seems to be spreading to the Antelope and San Fernando Valleys.

Rare Combo To Play At Tam Concert

A rare musical combination, a clarinet quintette, will be one of the feature numbers of "ConZerTanZ," an experiment in music to be presented in Tamalpais High School's Ruby Scott Auditorium at 8:15 p.m. tomorrow.

Players in the group are David Arrow, Peter Hathaway, David McFadden, Mark Cory and Katrina Shippey. The quintette's feature number will be Menuetto by Mozart. Tam's band director, Robert Greenwood, will direct the musicians.

The "ConZerTanZ" is an idea conceived by Greenwood which combines a band concert and dancing.

Part of the program will be German folk songs sung by Tam's German Club, accompanied by the band. Selections from "Gigi" will also be played.

The concert phase of the program will run until 9:15, at which time the dance band will take over for dancing for the balance of the evening.

Ailing Pensioner Flown To Chicago

A Chicago old-age pensioner, robbed and beaten last February at the Greenbrae intersection, was back in Chicago today where his gangrenous right foot will be amputated.

Frederick William Canoles, 70, was beaten Feb. 26 as he attempted to hitch a ride. Two men robbed him of $90 and beat him so badly he suffered a broken arm and other injuries.

The Marin County Board of Supervisors Tuesday authorized the expenditure of $427.05 to fly the man and a nurse to Chicago where he will be treated under indigent aid care.

The supervisors voted the amount after Dr. Rafael Dufficy, county medical director, told them it would cost a lot more to treat the man here. Dufficy said arrangements had been made with Chicago authorities to treat Canoles. He added that his decision to seek admission of the man to Cook County Hospital was influenced by the fact that the man's friends and relatives were in Chicago. "He hasn't a friend here," Dr. Dufficy said.

Dr. Dufficy said the man's diseased foot has no connection with the beating.

Dr. Dufficy also told the board that the county saved more than $10,000 in the mercy flight of Mrs. Bernice Lucille Lind to Brooke Army Medical Center at Ft. Sam Houston, Tex.

Mrs. Lind, critically burned in the county jail last week, was flown to Texas Saturday.

Permission to admit Mrs. Lind to the center was gained through Rep. Clement W. Miller, and the flight was arranged with the Air Force.

Dr. Dufficy said that if a private ambulance plane had been used it would have cost $1,800. He said care for her might have run as high as $10,000, adding that the Texas center has a highly developed plan for treating burns. It was set up to care for soldiers injured during the Korean War.

"Her condition was so critical," he said, that this seemed to be the only place where she could be treated.

Miller Tells HAFB Fund Bill Details

WASHINGTON — Details of $1,285,000 worth of new facilities at Hamilton Air Force Base, authorized in a bill passed by the House last week, were reported today by Rep. Clement W. Miller.

Miller said the military construction authorization bill authorizes five new operation and maintenance facilities at Hamilton; additional and replacement approach lighting and shops for calibration of aircraft weapons and inspection and repair of jet engines, electronics and armament gear and ground powered equipment.

The Air Force will not release item cost estimates except to say that the runway lighting is the largest item (about a third of the total) and the weapons calibration shop the smallest.

The same 1.3-billion-dollar omnibus authorization bill includes a $490,000 item for a Marine Corps Reserve training center contemplated as a joint project with a National Guard armory at the proposed Marin County civic center site at Santa Venetia.

The bill now goes to the Senate. Legislation to appropriate funds is yet to be introduced.

Congressman Miller voted for the bill.

'Forgotten Children' Must Struggle In School, But Make Good Later

I call them the "forgotten children." They're good boys and girls, mostly. They come from homes like yours and mine. They try hard at school, at first. But they can't succeed.

Who are they? The slow learners. The boys and girls whose intelligence quotients fall between 75 and 90. They aren't retarded enough for special classes. Yet they are unable to keep up with faster kids in regular classes. They need something they aren't getting. Forgotten.

Do you have a slow learner? Twenty per cent of our children are in this group. At home they are normal. They are healthy, vigorous, popular. At school they're different. School failure eats like acid. They lose self-confidence. Some of them fight back, and become delinquent. Others retreat inwardly. Teachers know them well. They're a year or two late learning to read. Some of them get along reasonably well in elementary schools. But they all have a hard time in high school academic classes.

They try to do the regular assignments, but can't. The lucky ones do well in shop or home arts classes. Some are good in music or drawing. Some are stars in athletics. But all of them lag behind in math, English, history, science. Those from good homes, in decent neighborhoods, struggle along dismally. After leaving school, they blossom. They become good citizens.

Those from bad homes or high delinquency neighborhoods usually fight back quickly. They play hooky. They form gangs. They're ripe for delinquency. Many of them get into serious trouble.

Here's my suggestion. If you've a slow learner, go see the principal of his school. Ask him to locate the others like him. Then to set up some slow moving courses for them. A few high schools are doing this already. I think all of them should.

State Accused Of Winking At Bill Collecting Racket

SACRAMENTO (AP)—An unscrupulous racket of bill collecting flourishes in California without interference by state officials, a Senate committee declared today.

Administration of the collection business by Secretary of State Frank Jordan was termed "nominal." The state Division of Collection Agencies was accused of being "in effect, an arm of the collectors' association."

The committee report said Division Chief Harry Edwards of Los Angeles took gifts from the collection industry, such as a wrist watch, money for a TV set, a power saw and payment of medical bills. Jordan declined comment.

Beatings, embezzlement and impersonation of law enforcement officers by thugs were cited in the 64-page report.

TWO-YEAR PROBE

It was prepared by the Senate Interim Committee on Collection Agencies, Private Detectives and Debt Liquidators after two years of hearings.

Collectors not only have victimized debtors but have embezzled $100,000 to $500,000 from creditors who gave them accounts, the senators said. The agencies handle about 100 million dollars a year.

The committee recommended transfer of agency regulation power from the secretary of state to the state Department of Professional and Vocational Standards.

"Many collection agency employees are guilty of using intimidation, false badges, impersonation of governmental officials and other questionable methods," the report said.

"Many use fictitious names when telephoning accounts. Behind this cloak some employees make threats of bodily harm, bombing of property, and injury to children or wives."

It said agencies falsify assets to obtain licenses, use front men to head the firm for real owners with criminal records, and ignore possibilities that debts are false.

HUNTING GROUND

Auto repossession, the committee said, is "free from state control . . . it has provided a hunting ground for petty racketeers, thugs, wildcatters, exconvicts and musclemen."

The investigators found some agencies have billed debtors for legal fees and court costs when no suits had been filed. In other cases, suits have been filed with no intention of going to trial but merely to extort further charges from the account.

The senators charged that Negro, Mexican and other minority neighborhoods "provide hunting grounds for various racketeers."

"Some will dismiss these swindles as inevitable," the report said. "But the committee holds to the firm conviction that the state has a duty to aid the innocent against the cunning, the ignorant against the vicious."

The committee was headed by former Sen. Fred H. Kraft (R-San Diego) who was defeated for re-election last fall. Other members are Sens. Edwin J. Regan (D-Weaverville), Richard J. Dolwig (R-Redwood City) and Richard Richards (D-Los Angeles).

Milk Bottle Discount Ban Passes Test

SACRAMENTO (UPI) — Legislation to prevent milk dealers from giving customers discounts by paying them for returning the empty bottle has passed its first committee test in the Assembly.

The measure, approved yesterday by the Dairies Committee, would not prohibit dealers from charging a deposit which would be returned if the container was brought back.

Herman H. Walder, an outspoken opponent of the state-enforced minimum price for milk, told the committee the bill was aimed directly at him.

USES SYSTEM

Walder said he used the bottle discount system at his Modesto milk depots. He explained he sold milk at the state-set price but paid customers between five and 15 cents for returning the bottle. He charged no deposit.

That part of Walder's operation would be outlawed if the measure, authored by Assemblyman Carley V. Porter (D-Compton), became law.

Walder freely admitted that he would like to get around the minimum price law.

He told the committee that he could sell milk for 15 cents a quart "and make money" if he were permitted to do so by the "crooked Bureau of Milk Control."

NEEDS CONTAINERS

Walder told the committee that he had to have containers for his milk and if he did not buy bottles from customers he would have to buy them from glass companies.

"I can't deliver milk in a paper bag," Walder said. "I must use bottles."

Assemblyman Richard H. McCollister (R-San Rafael) took a different view. He called Walder's operation a "skin game" and moved that the committee send the bill to the floor with a favorable recommendation.

Walder told the committee that he had been jailed on several occasions for defiance of the milk marketing law. He said Porter's bill would just give the state another excuse to arrest him.

New Police Chief Eyes Promotions

San Rafael's new Police Chief Charles J. Chiesa conferred with his men this week and assured them there will be no change if each does his assigned work faithfully eight hours a day.

The new chief disclosed he is thinking of several promotions from the ranks, but said he must get approval from the city council before making the changes.

A lieutenancy and perhaps a captaincy are believed to be among the promotions the new chief has in mind. During the campaign Chiesa also said he feels Juvenile Officer Joseph J. Brusatori and the criminal division could use more help.

PG&E To Replace West Marin Lines

Pacific Gas and Electric Co. will replace some six and one-half miles of major electric distribution lines in West Marin this summer, G. M. Henderson, Marin district manager, announced today.

PG&E linemen will install four and one-half miles of new conductor cable on a 60,000-volt line between Nicasio and Olema substation, and two miles of new cable on a 12,000-volt line over the same route.

Work on the 60,000-volt line is the first part of a three-year program to improve the Ignacio-Olema-Bolinas Junction circuit, said Henderson.

Last year PG&E installed another Ignacio-Olema circuit, the 60,000-volt line running via Woodacre.

This summer's work will cost approximately $54,000, Henderson reported.

Brown Signs 5 Bills By McCollister

I-J Special Report

SACRAMENTO—Five minor bills by Assemblyman Richard H. McCollister of Marin were signed into law this week by Gov. Edmund G. Brown, but he vetoed a sixth one.

The five would:

1. Require an extra fee payment for special license fees for radio operators and press photographers who obtain special license plates only upon initial issuance of the plates, not annually as previously.

2. Extend until November, 1963, the present exemption of "New York dressed" fowl from inspection requirements. The fowl, with their entrails still inside, are used for religious reasons.

3. Prescribed the statutory standards for a mixture of cream cheese with other foods.

4 and 5. Prescribe standards for pasturized Neufchatel cheese spreads mixed with other foods and requiring cheese wrapped in individual packages for sale on the premises where cut to be labeled to indicate the variety of cheese.

The vetoed bill would have permitted certain state employees to serve beyond the mandatory retirement age of 70 years, making inoperative compulsory retirement provision of the state system.

McCollister noted that for the first time, a governor is demanding that every legislator submit a letter with his bill outlining why the bill is necessary.

"It's a lot of work but a good idea," said McCollister.

Assembly Adopts State Water Plan

SACRAMENTO (AP)—The Assembly unanimously adopted the California water plan yesterday as the guide to state water development.

Assemblyman Bruce F. Allen (R-Los Gatos), the author, said the bill does not freeze any set development but is "just to let the people of California know we have a plan."

The Assembly adopted the big plan in 1957, but the Senate refused to go along.

The vast blueprint, developed by the state Water Resources Department, calls for full development of California's water at a cost of about 12 billion dollars.

It calls for 260 major dams and other works to serve a future population of 40 million.

Wed 35 Years, She Has 32 Children

LUMBERTON, N.C. (UPI) — Moddie Mae Oliver, 50, a blind woman, told the court yesterday during a damage suit hearing that she was expecting to give birth to her 33rd child.

She said she has given birth to 32 children in 35 years of marriage.

Senate Unit Approves Development Agency

SACRAMENTO (UPI) — Gov. Edmund G. Brown was the winner and the chamber of commerce the loser in a key test of an administration bill to create a new state agency to lure business to California.

The governor's measure to set up an economic development agency won a 2-1 vote of approval yesterday in a subcommittee of the Senate Finance Committee despite some strong objections from the chamber.

However, the committee pared the governor's request for $350,000 to run the agency for the next nine months down to $175,000.

Republican Sen. John F. McCarthy of San Rafael made the key motion to keep the governor's bill alive. Privately, some administration sources had predicted the measure might be killed by the subcommittee.

"Let's start the agency on a modest scale and see what happens two years from now," McCarthy said.

Sen. James A. Cobey (D-Merced), author of the governor's bill, said the proposed agency would help provide some of the 200,000 new jobs needed every year in the state by promoting new business.

The agency would collect information on such things as taxes, land values, water and power supplies, transportation availability and other data and provide "one stop" information service to any business or industry interested in locating in California.

The agency also would help existing business to expand, Cobey said. However, the agency would do no tourist promotion or national advertising or engage in loans to business concerns.

Representatives of the California Chamber of Commerce opposed the bill on grounds that it "would duplicate at the taxpayers' expense work already being done by the chamber and other trade groups."

Sen. Charles Brown (D-Shoshone) joined McCarthy in support of the bill while Sen. Nelson Dilworth (R-Hemet) voted against it.

Official, Wife May Reconcile

San Rafael City Councilman Fred E. Jensen was divorced by his wife in Ukiah a month before the municipal election, it was disclosed today.

But Councilman Jensen, re-elected for a four-year term last week, said today there is a chance for reconciliation. He said his wife, Ryna, and their 4-year-old son, Robert, are now in Texas with her relatives but they expect to be back in San Rafael in mid-May.

Mrs. Jensen won the divorce March 13 in Ukiah on grounds of cruelty. Jensen was represented by a lawyer at the trial but did not contest the divorce.

A property settlement accompanying the divorce decree shows that Jensen is to pay a $2,000 down payment and $250 per month to his wife until $8,000 has been paid to her. She also gets a Buick automobile, a Hammond organ and miscellaneous furniture.

Councilman Jensen retains his home at 246 Center street San Rafael, as well as his cruiser, two automobiles and other properties.

Mrs. Jensen gets custody of their son, with Jensen getting reasonable visitation rights.

They were married Feb. 19, 1945, in Reno and separated last Nov. 10.

"What difference does it make?" asked the witness distinctly. "I'm not talking to you."

Game Fish Research Proposed By Miller

WASHINGTON (UPI) — Rep. Clement W. Miller (D-Corte Madera) has proposed legislation calling for basic biological research of both migratory-marine and reservoir game fish.

The 1st District congressman said he became convinced of the need for more fundamental knowledge about sport fish and fisheries during a recent conference with U.S. Fish and Wildlife Service officials, sportsmen and representatives of conservation groups.

Miller said that "more know-how and know-why" about the habitat, nutrition and diseases of game fish "will pay tangible dividends by enhancing our future resources for outdoor recreation."

The congressman said that although U.S. Wildlife Service officials and state fish and game departments "recognize this need, the administration has asked for no funds in the fiscal 1960 budget to meet it."

Miller pointed to Lake Berryessa in Napa County and Lake Mendocino in Mendocino County as examples of "the need that is being ignored." He said both lakes have created "puzzling new problems in fishery management."

The representative said a similar need for basic knowledge of fisheries exists with respect to "our deteriorating coastal salt-water fisheries, including the salmon and steelhead waters off California's north coast."

In general, Miller's proposed legislation would direct the interior secretary to undertake "continuing research in survival, environmental influences and effects of fishing on marine game fish."

It also would set up a federal research program to determine means of improving conservation and production of game fish in dam reservoirs.

MONORAIL PROPOSED FOR L.A. AREA

This is an artist's conception of how a Northrop Gyro-Glide monorail train installation would look along the Hollywood freeway. Plans for a monorail system for metropolitan Los Angeles were presented yesterday by officials of Norair Division of Northrop Corp. to officials of Los Angeles, Orange and San Bernardino Counties. Engineers said installation costs would run from one to two million dollars a mile and could follow freeway routes. Los Angeles civic center is in center background. (AP Wirephoto)

Civilization's Advance Perils Bighorn Sheep

By SKIP LEABO

SACRAMENTO (AP)—California's vanishing bighorn sheep just doesn't like people.

They mean trouble for him. And the advance of civilization could also mean near extinction.

The state Fish and Game Department says there are about 2,000 to 2,500 bighorns left in California. Actually, in comparison with such animals as deer or antelope, there have never been many.

He's a specialized animal who simply can't live around people. He likes it wild and rugged.

FOUR FACTORS

The fish and game people say four main factors have cut down the ranks of the bighorn. One was the vast uncontrolled grazing of livestock in the last part of the 19th century, which stripped out much of the forage. Another was the disease brought by the livestock.

Man's mere presence bothered the sheep but man's capture and control of many desert springs cut off much of the herds' water supply. Then too, there has been the shooting of bighorns, still continuing occasionally although hunting them has been banned since 1873.

IN SOUTHERN MOUNTAINS

Most remaining bighorns are in the state's southern mountain areas with some through the central and northern Sierra.

They are husky, broadchested animals, usually gray, and range up to 200 pounds for prime males.

It's almost a waste of time to go looking for one unless you're practically at home in the mountains and deserts. They'll almost invariably see you first which means you'll never get remotely close.

Griffith Saga Recalled In 1st Biography

By BOB THOMAS

HOLLYWOOD (AP)—The tragic saga of D. W. Griffith is being recalled here with the publication of the first biography of the film pioneer.

Veteran writer Homer Croy has turned out an engrossing study of the late director, called "Star Maker." The title doesn't seem apt. Certainly Griffith did discover and develop a large number of movie greats. But his big achievement was not in fostering talent, but developing film technique.

He was the great innovator, the one man who elevated films into a story-telling medium. It was he who discovered most of the camera techniques which are used today.

The Croy book is filled with excellent detail on the nature of Griffith's peculiar genius. We learn that the director invented the closeup during the filming of "For the Love of Gold" in 1909.

The story, stolen from a Jack London tome, dealt with two Alaskan thieves who distrusted each other. The climax depended on what the thieves were thinking. Until then, thought had been expressed on the screen via "dream balloons," double exposures that showed what was going on in the actor's mind.

Griffith had the idea of moving the camera in to show the expressions on the actors' face. The idea was revolutionary; films had always been done in longshots, like stage plays.

The business office was shocked. The bosses at Biograph also protested when he paid $100 to Helen Hunt Jackson for rights to shoot "Ramona" in 1910. The studio had previously paid $5 or $10 for stories or else had stolen them outright.

Croy touches on the elements that made Griffith aloof from his co-workers and laid the background for his final, bitter years. His real ambition was to be a writer, and he rankled over the flow of rejection slips from editors. After one unsuccessful conference with an editor, he went back to the studio "again the arrogant, dominating man."

Marinwood Fire Dept. Lists Phone

If you live in Marinwood and you spot a fire, the number to call is GL 4-5231.

In announcing arrival of the Marinwood Volunteer Fire Department's first truck, the Independent-Journal on Monday reported the number as GL 4-3255.

That's the number of Donald Ray, Marinwood fire chief. It's the number to call for any fire department information.

But if your house catches on fire, said Ray today, it will get quicker action to dial GL 4-5231.

Lewd Conduct Suspect In Court Today

Marin City contractor Vertis D. Spigner, 32, accused of making lewd proposals to a young San Francisco housewife last Friday, was scheduled to appear in Marin Municipal Court this afternoon.

Spigner, who was acquitted by a jury last January on a charge of attempting to rape a 14-year-old baby-sitter, now faces misdemeanor charges of disturbing the peace and lewd behavior toward Mrs. Margaret Edith Kessler, 24.

He was arrested Tuesday night by Deputy Sheriff Frederick Marcus and released on $750 bail. Spigner denied he had made lewd remarks, and said he is the victim of a frameup.

Richard M. Kessler of San Francisco said he had a flat tire near Richardson Bay Bridge and went for help to Bay Auto Wreckers.

Kessler said that while he was in the office of the wreckers Spigner approached his car and made lewd remarks to Mrs. Kessler.

Spigner claimed that Kessler argued with him over the cost of a new tire, then drove off on the rim. There was no lewd remarks, he declared.

New Trial Slated In Road Death

A Ukiah railroad fireman, who escaped a manslaughter conviction two weeks ago because one juror held out in his favor, faces a new trial on the same charge in June.

The second jury trial for Oliver George O'Quest, 57, is set for 9:30 a.m. on June 2 in Marin Municipal Court. He is accused of unlawfully killing without malice a Santa Rosa minister in a traffic accident last Jan. 6 at St. Vincent's Hill. The victim was Benjamin Andrew Reile, 64, a Seventh-day Adventist minister.

The case was reset Tuesday by Judge Richard M. Sims at the request of the district attorney.

Marinite To Manage Stanford Station

Michael J. McCaskey of San Rafael has been named student manager of KZSU, Stanford University broadcasting station, which will return to the air during the present quarter.

The station's broadcasting was discontinued last summer. Its transmitting power is limited to the university campus.

Mineral Society Talk

Members of the Marin Mineral Society will hear Dr. Ralph E. Erickson, staff member at San Quentin Prison, speak on his recent trip to Europe at the group's meeting at 7:30 p.m. tomorrow at College of Marin. Plans for a field trip May 3 will also be outlined at the meeting.

TV SALES MANAGER—William A. Morrison of 78 La Cuesta drive, Greenbrae, has been named sales manager of KRON-TV and KRON-FM. Morrison will succeed Norman Louvau, who recently resigned to accept a position with Screen Gems. By coincidence, Morrison on May 1 will move into a new home at 135 Bayview, Belvedere, next door to the home formerly occupied by Louvau.
